INNOVATIVE

Extending its focus toward all corners of the campus, the Excalibur 1986 reflected the images that epitomized Bonita Vista's uniqueness — images of individuality that complimented, as well as clashed, with one another on campus. These were the images of students, of teachers, of administrators, and of counselors. This innovative genre of people created the striking diversity that permeated into all aspects of the school year and set it apart from those years preceding it.

IMAGES

UNSPOKEN

The innovative atmosphere that prevailed upon campus was reflected not only through words, but also through expressions. These expressions revealed the pain, sadness, and frustration, as well as the fun, love, and laughter that all experienced during the year. With smiles, friendships were created. With tears, disappointments were shared. These unspoken expressions represented the captured memories that would always remind the students of those special high school years.

INNOVATIVE

Innovative images. Unspoken expressions. These are two reflections of the student body that coalesce into one, INNOVATIVE EXPRESSIONS.

On campus, some students expressed themselves boldly, stating their individuality through musical and artistic talents. Others reflected their strength and endurance out on the field and court. Still others excelled academically, striving in the classrooms with their peers. Yet, whether it was in academics, athletics, or the arts, the students of Bonita Vista expressed their innovative qualities and created a place where they could grow and mature as they prepared themselves for the future and all that it would bring.

EXPRESSIONS

STUDENT LIFE

Exemplifying the pride that engulfed the campus, students expressed their individuality on spirit days, at pep assemblies, and in community activities. Enthusiasm was the key that unlocked the doors which opened up and offered each student the opportunity to become involved with the school and its many activities.

The 1985 Homecoming portraits were taken at the newly completed Horton Plaza. With its strikingly innovative architecture, it distinguished itself from the rest of downtown San Diego. The Horton Plaza atmosphere exemplified the vibrance and energy of the Homecoming Court.

The Homecoming Queen, Michele Curry, carried a busy schedule at school. She was a member of the Music Machine. In addition to her school activities, Michele spent time working with handicapped children. She found it a very rewarding endeavor. Her hobbies included running, bike riding, dancing, and soccer. Upon graduation Michele hoped to enter the world of fashion as a model and designer. Michele felt you should "Thank God for what you have and don't complain about what you are not given."

The 1985 B.M.O.C. was Eric Gomez. Eric was active in sports and played varsity football. He also enjoyed playing tennis and dancing. Some of his hobbies were card collecting, surfing, and listening to '60's music. Eric's plans upon graduation were still undecided. He wanted to examine all his options before commiting himself. Eric's motto was "What goes around comes around."

A REGAL

Carolyn Gonzales was an active student at Bonita Vista. She enjoyed racquetball, dancing, and being the basketball statistician. Carolyn's wide range of activities included: Service Club, Senior Steering Committee and Congress. She was also the Senior Class secretary and a yearbook photographer. Carolyn planned to attend UCSD and study optometry. Her motto was: "Give to the world the best you have and the best will come back to you."

Another active person on the Bonita Vista campus was Loretta Lenga. As the ASB Vice President and a cheerleader, Loretta spent many extra hours at school. She was also involved in the Senior Steering Committee. In her spare time, Loretta enjoyed playing soccer, water and snow skiing, and spending time with her pets. She planned to continue her education, possibly at Auburn University. Loretta intended to pursue a career in the field of dentistry. Loretta believed: "You're only as happy as you want to be."

Kristen May was active in sports during her high school years, playing over-the-line and soccer as a member of the Baron team. She liked to help others and was enrolled in peer counseling. Kristen was also an ASB commissioner and a member of the Senior Steering Committee, both of which kept her busy. For the future, Kristen planned on a probable career in public relations. Through her high school years her motto was: "Strive for the best and never give up, but through it all — be happy."

Jessica Rapaido believed "Life is only as productive as you make it." Executing her belief, she committed much of her time to the Senior Steering Committee and as an Assistant to the Dean of Activities. She was also a member of the Music Machine. Jessica enjoyed biking, racquetball, and dancing in her spare time. Her plans for the future included attending a four-year college and training in the telecommunications field.

Doug Piper

Lance Christensen was an active student on campus; he was involved in Senior Steering Committee and several clubs including Interact and the Thespian Society. Also active in sports, Lance was a member of the varsity football and baseball teams. Upon graduation from Bonita Vista, he hoped to become a nutritionist and physical therapist. He was especially interested in developing recreational exercise programs for senior citizens. Lance's words of encouragement were: "Don't worry about life, for everything ultimately happens for the best."

Jim Cook felt sports were a very rewarding experience and was proud of his participation in football. Jim also ran track at Bonita Vista. His interests outside of school included playing the drums, sailing, and bike riding. Jim planned on attending college after graduation, but he was undecided on a major. Jim felt that "Life is a jungle so you must be wild and untamed."

Another busy student at Bonita was Richard Freeman. As President of the ASB, and varsity water polo player for 3 years, he had many extracurricular commitments. Richard was also enrolled in peer counseling and found it very rewarding. Off campus he was active in Campus Life. Richard felt he would not have gotten anywhere without the support and encouragement of his parents. He believed "It's a wise dog who scratches his own fleas."

Active in sports, Doug Piper was the quarterback for the varsity football team for two years. He also participated in Baron basketball, baseball, and golf. His hobbies included water and snow skiing. Doug was still undecided as to his plans after graduation. He was examining all his options. Doug felt "You get out of life what you are willing to put into it."

A NIGHT OF WINNERS

It was a night of winners for Bonita Vista's Homecoming. The Baron football team emerged victorious over Castle Park in an exciting display of sportsmanship. The excellent play of the team helped to build the enthusiasm of the large crowd.

The excitement was clearly evident as the court was driven onto the field in classic cars. Under the huge balloon arch the 1985 Homecoming Queen and BMOC were announced. A fireworks display capped off the halftime ceremonies.

The 1985 Bonitafest was an opportunity for the Bonita community to celebrate its unique heritage. Large numbers of Bonita Vista students displayed their Bonita pride during the weekend of activities. Bonita Vista was represented in the annual parade by several floats carrying BV students and the cheerleaders riding atop a firetruck. The celebrations included crafts and game booths as well as performances by the Music Machine and the annual Bonitafest melodrama.

Outstanding, energetic, and enthusiastic are all words used to describe the 1985-86 Bonita Vista school spirit. From the moment the school year began, students were ready and willing to participate in school activities, sports, and other functions on campus. The students' pride in their school was channeled into impressive pep assembly responses, and student participation in the traditional blue and gold Fridays. Both students and faculty were impressed by the energetic and far reaching school spirit that, for some time, had been lacking on the campus. The ASB met the challenge of such a spirited school by providing several class competitions, lunchtime activities, and the annual Homecoming Spirit Week. The spirit week gave creative Bonita students the chance to liven-up the daily routine with crazy dress-up days, such as nerd-tourist day, pajama day, and twin day.

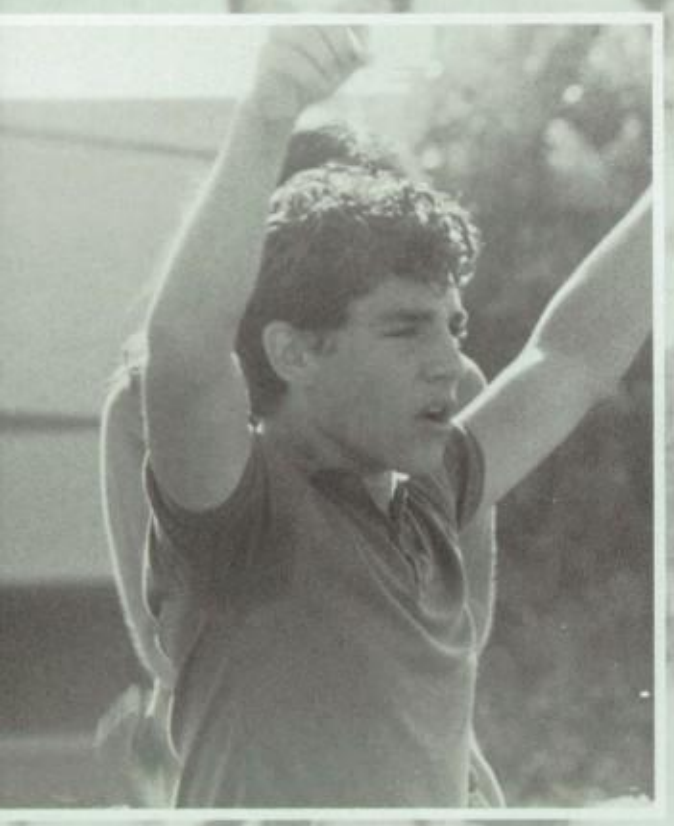
School Pep



The new found spirit of the Bonita Vista students rewarded them with a variety of rabble-rousing assemblies. The students' sudden pep and interest in their school caused a unity non-existant in the past.

BV students cut the boredom of the traditional pep assemblies by adding the much needed missing ingredient of school pride. An example of this new found pride could be clearly seen in every Baron's eye as he raced out of class and into the lunch are creating an instant, spontaneous assembly in tribute to the forthcoming football game against the Sweetwater Devils, forever rivals of many neighboring schools, including Bonita.

In addition to pep assemblies, Bonita also showed pride in hosting such assemblies as the introduction of the homecoming court and the traditional visit of the March of Dimes.

. . . and They Did

If the traditional Baronial apathy existed in 1986 it never showed, at least not in the dances. From the casual Howdy Dance at the beginning of the year, to the semi-formal Baronial on to the Senior Prom, the Barons showed that they could really boogie.

The high attendance of the dances expressed that Barons' spirit was truly hopping all throughout the year.

The Twentieth Annual Baronial Ball can certainly be considered one of the most memorable events in the long list of exciting activities of the 1986 year. Moved from its traditional November date to February 7; the ball was worth the wait.

Romantic San Diego harbour was the backdrop for the "Winter Wonderland" theme aboard the ship *The Berkeley*. Sharply dressed couples in tuxedos and dazzling party dresses dined in dozens of fine San Diego restaurants and then danced until midnight to the music of a disc jockey. The atmosphere was filled with excitement and high spirits by everyone. It was a special evening for all to remember.

Movies, Campus Life, football games, dancing, Tijuana, parties, and more parties, all played a major role in Bonita Vista night life.

During the football season, students found themselves with busy nighttime schedules. Cheering for the football team, meeting at McDonald's or Roundtable to celebrate a victory, going to a Friday night party, and getting ready for the homecoming dance were but a few activities enjoyed by students.

When the football season was over, however, unprepared Barons found the once interesting Bonita whisked away and replaced with a dull, boring town. Those who were aware of this annual event prepared themselves, and ventured out of the boundaries of our tiny suburb, searching in earnest for fun. These enthusiastic fun-seekers almost always found something to do, whether dancing, cruising around La Jolla, going to a concert, having a party, or staying up late to watch the Rocky Horror Picture Show.

In addition, those who were familiar with the Campus Life met every other Thursday, and hosted such activities as the Burger Bash, broom hockey, a haunted house, and numerous slide shows. It was definitely an effective way to eliminate the boredom that Bonita sometimes inspired.

There were always fun things going on; however, one had to have a nose for adventure to sniff them out.

Barons Break Out

What did BV students do with their time not spent studying diligently in the classroom?

Good Question!

Southern California provided an extensive array of after school activities. Students from BV could be found throughout the county taking advantage of these numerous opportunities.

Among the more popular after school trends included horseback riding, surfing, racquetball, and an impulsive shopping spree at the Plaza. In addition, students enjoyed participating in the many sports offered by the school, and being active in clubs such as Campus Life and Church youth groups.

Of course, these were not the only activities done by students. It would entail making a list many pages long to record all of the diverse interests of each student on the BV campus.

ORGANIZATIONS

This year, the diversified student body was able to share their interests with others by becoming involved in the various organizations on Bonita Vista's campus. These organizations ranged from the newly-formed Octogon Club to the well-established Pep Club and the Thespian Society.

The Associated Student Body continued its active involvement in forming school activities and organizing events between Bonita Vista and the community. Many students served the school commissioners and officers.

1985-86 ASB

Inspiring Renewed School Pride

The 1985-1986 ASB functioned as a vital part of BVH's student curriculum. Under the leadership of the Dean of Student Activities, Dorothy Murphy, and with the help of her student assistants and the cabinet, the ASB provided many services to the students and made activities such as sporting events and dances possible. Ms. Murphy and the student assistants also initiated and organized benefit drives, among them a paper-back book drive to benefit BVH's own library and a canned food drive in which the goods collected were donated to a local charity organization.

Dean Murphy and financial secretary Barbara Griffith provided a strong and experienced foundation for one of the most successful ASBs ever.

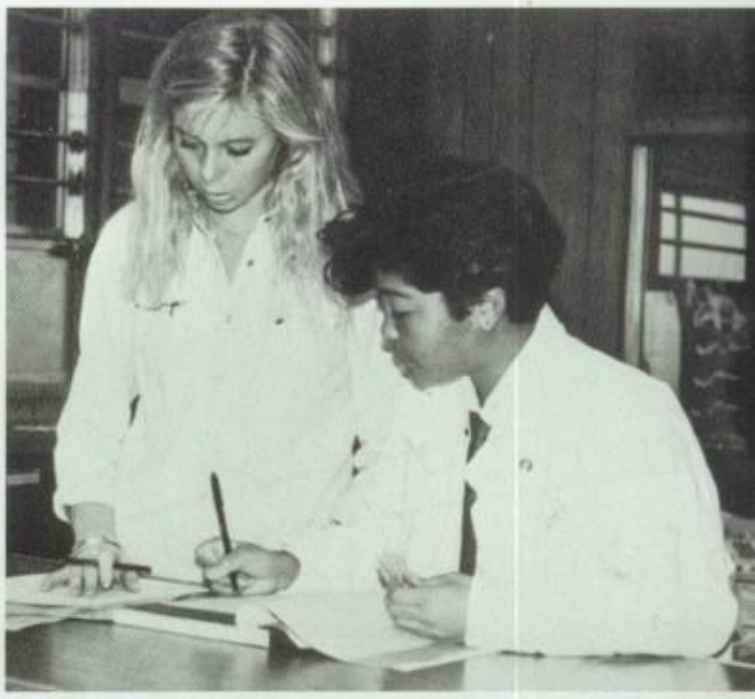
ASB Secretary, Madeleine Jazmin.

In the Spring of 1985, the campaign for Associated Student Body (ASB) elections began. Chosen by the popular vote of the student body to represent BVH were Richard Freeman, Loretta Lenga, and Madeleine Jazmin.

As ASB President, Richard Freeman took responsibility for guiding the cabinet through a productive year with his strong leadership abilities, while Vice-President Loretta Lenga and Secretary Madeleine Jazmin oversaw school activities as the administrators of the Inter-Club Council. Madeleine was also vital to the ASB as she kept track of the minutes at meetings, and handled monetary transactions.

The 1985-86 ASB Officers executed their duties, fulfilled their responsibilities, and, in conjunction with the cabinet, set and accomplished many goals during the year.



When forming the cabinet for the 1985-86 school year, a decision was made by the ASB members and the Dean, Ms. Dorothy Murphy, to combine the ASB cabinet into one cabinet. All commissioners, with the exception of commissioners of store and finance, would hold the same job duties.

Newly elected ASB officers and Dean Murphy interviewed the many fine candidates who wished to become cabinet members. After countless discussions and evaluations, a decision was made and the fourteen commissioners were chosen.

The newly selected commissioners, Dana Beardsley, Mike Cousino, Wendy Filson, Denis Jensen, Beth Kammerer, Kristen May, Jennifer Rouse, Karen Shibuya, Katherine Wasson, Commissioners of Store Greg Young, Matt Scot Karen Abe, and Commissioners of Financ Yasmin Massis and Raymond Hom started distributing caps and gowns an continued through the summer performin such tasks as mailing letters, sorting athleti clearances, and even attending an AS camp at Cuyamaca.

This sturdy workforce continued en thusiastically into and through the schoo year organizing and initiating Baro events. Among these were the complet Homecoming processions, the first Howd Dance, pep assemblies, various lunchtim activities, not to mention the many hou put into the ASB store and accountin books by the commissioners of store an finance.

Congress and Class Officers
Taking a Stand in Student Governmen

Congress and class officers, BVH's representative student governments, worked diligently throughout the school year to provide an effective link between the administration and their respective classes.

Under the guidance of advisor Dorothy Murphy, Congress members assumed the responsibilities expected of them early in the Fall of 1985. Congress met every other week and was responsible for allocating various funds for purposes such as clubs, sports, and school improvement. This vital organization of students, elected by their peers, proved to be one of the best ever.

Likewise, the class officers, also advised by Ms. Murphy, got off to an early start to accomplish the tasks which faced them. As always, the Senior Officers' foremost goa was to plan and carry out an impressive Prom. Working in part with the Senio Steering Committee, fund raisers were organized in order to lower the costs o senior activities.

A new development took place in 198 when the long-time organizer of the Baronial Ball, the annual staff, turned the responsibility over to the Junior Class. The Junior Officers and specially organized Junior Task Force assumed the job, plan ning a ball to take place in early February.

Even without a major dance to organize, the Sophomore Officers also managed to stay active by planning many activities to support the class of 1988.

The Senior Steering Committee was a student leadership council responsible primarily for senior activities. The Committee's size was greatly increased over that of the previous year, showing the tremendous spirit of the '86 Senior Class. This council not only represented the Senior Class in decisions such as Senior Announcements and fund raising, but also engineered a Senior Secret. This plan doubled the amount of food collected in the Annual Canned Food Drive by organizing a "Senior Secret" in which seniors went door to door collecting cans of food for needy families.

Bonita Support Clubs Serve Students

This year's Activists Club formerly known as the Service Club, played a vital role in the function of the ASB store by contributing many hours of hard work and leadership. Lead by commissioiners of Store Greg Young and Matt Scott, the members of the club continued throughout the year to dedicate their time and energy towards the efficiency of the store, sacrificing lunchtime activities and socializing to do so. These Barons really showed their spirit and were greatly appreciated by the school.

The academic decathlon, organized and advised by Ms. Anne Ransburg, consisted of 9 students. The students competed against other schools in the San Diego area in events such as social studies, English, essays, and the Super Quiz. The event took place on November 16 at UCSD. The topic for this year was immigration, and each student read *Cry the Beloved Country*, by Allen Paton. Our nine Barons did exceptionally well in the competition, both individually and as a team. Most notably, they achieved second place in the most difficult event, the super quiz.

Knowledge Challenged by Academic League and Decathalon

This year the Academic League expanded and changed its format. Unlike the previous seasons, the team was divided into J.V. and Varsity squads. The matches were more individualized and required a great deal of organization. B.V.'s team lived up to its expectations with their high level of preparation and participation. They quizzed themselves and practiced hard for the season's matches.

It took a special student to compete in the Academic League, one who was willing to drill on academic trivia, study with groups, and make time for various competitions. In all, the 1986 Academic squad met these qualifications and produced a season of challenging intellectual activity.

CSF Students and Baron View Staff Are Once Again Outstanding

Academic achievers at Bonita Vista were represented by the California Scholarship Federation. Achievers of this organization had to secure a 3.5 grade point average or ten scholarship points from a certain list of academic classes provided by the Federation. These college bound students worked very hard to keep their excellent grades up and were rewarded by this club with the prestige and college awareness of it. Advised by Mrs. Paula Bingham, this CSF club was again large in number and proved to be representative of Bonita Vista's great academic program.

The 1985-86 Bonita Vista newspaper, the Baron View, was an effort to inform the student body and staff members of events occuring on campus and in the surrounding community. The newspaper staff worked diligently throughout the year to provide the school with a source of entertainment as well as information. By working together, staff members were able to publish a newspaper that was highly informative.

The 1986 Excalibur Staff was the epitome of innovativeness. Consisting of a diversified body of students, the staff rose to meet the challenge of creating an annual which expressed the uniqueness of the year. Guided by the two editors, Loren Sweatt and Debbie Fukushima, the inexperienced staff united to merge their ideas and abilities into the production of the annual. The advisor, Ms. Trunkfield, devoted much of her extra time and talents to the students and was a tremendous asset to the success of the yearbook.

Working steadily through the weeks and frantically on the deadline days, the staff became experts at designing layouts, cropping pictures, and working under pressure. Although the majority of the yearbook students were graduating seniors, the few underclassmen remaining gained valuable experience and knowledge that would enable them to continue the innovative directions the following year.

AFS Hosts Foreign Exchange Students

Bonita Vista was enhanced by the enrollment of six new students from foreign countries. These students were brought to Bonita by the American Field Service organization. From this organization, the AFS club was formed to promote the understanding of distant countries and cultures. With the aid of Mrs. Patricia Slijk, the AFS club advisor, and the president and officers Giena Velo, Dan Palacios, Allen Mellor, Lou Morris, and Jennifer Hanlin, as well as the rest of the club members, the exchange students were made to feel welcome and comfortable in this country through potlucks and the annual trip to Knott's Berry Farm.

Kiyonori Yamada from Japan.

André Bachelot from France.

Virva Rahikka from Finland.

Leila Lovel from Panama.

Newton Alves from Brazil.

Chariya Chanavichot was a foreign exchange student from Thailand and arrived in the summer with the other exchange students. Chariya enjoyed watching television, collecting stamps, and reading. Although speaking English as a second language, Chariya managed to excel in her difficult classes, such as calculus.

Chariya's scholastic ability was contrasted with Scandanavian Virva Rahikka's artistic ability. Virva was born in Lohja, Finland. Her favorite sports included water and snow skiing, and windsurfing. Her favorite aspects of the United States included the people, the beaches, and especially the boys.

Fukuoka, Japan, was the birthplace of Kiyonori Yamada. In Japan, Kiyonori participated in his own hard rock band. He also enjoyed playing tennis. Kionori was impressed with the independence of the people of the U.S., and appreciated the freedom they are given.

From Panama, Leila Lovel enjoyed walking, watching horror movies, and eating pizza. Leila was the only foreign exchange student hosted by World Exchange, and not AFS. Leila liked the people of the United States, but found the weather too cold for her taste.

André Bachelot was born in Paris, France. André liked to ski, run, write, and watch movies. Although André greatly appreciated our country and its American girls, he also liked visiting Tijuana, Mexico.

Newton Alves, from Fordaleza, Brazil, also enjoyed the American girls, especially BVHS cheerleaders. Newton played soccer, read, and made a lot of friends while in the U.S. Newton found several aspects of the U.S. interesting, especially the organization of such things as laws and social gatherings.

Mrs. Anderson gives Michele Hammond and Andrea Badley a few pointers during rehearsal.

During the school year, the Thespian Society and drama class played vital roles in conveying awareness of the dramatic arts to the student body. The Thespian Society, with a record membership of 59, provided students with the opportunity to attend plays of literary merit and learn the aspects that contribute to the quality of the work. This opportunity was especially appealing to Advisor, Mrs. Flores' AP English students, who were able to used their knowledge of the plays for class assignments. Under the leadership of president Kimberly Fish, the club performed many fund raisers in order to alleviate the costs of the productions it planned to attend.

On the other hand, Mrs. Anderson's drama students were able to gain first-hand experience in performance. Drama was reinstated to the BVH curriculum after an absence of several years, drawing a variety of interested students. This assortment of talented individuals combined to stage productions ranging from a series of one-act plays to a full-scale senior play in the Spring. The emergence of a returning drama department at BVH was long overdue.

1985-1986 marked another school year in which the BVH performing arts department excelled. Under the superb direction of Mr. Ron Bolles, Musical Theater and Concert Choir strove to produce the quality shows they are known for. Musical Theater students worked hard to improve their abilities in voice, dance, and drama while Choir members concentrated on their singing. The skill of these two groups was obvious in the many enjoyable performances they participated in. The whole school clearly benefitted from the talent and determination of these students.

The 1985-86 Music Machine was a very dedicated and hardworking group. From Bonitafest to "Spring Sing" they wowed audiences with their talented singing and innovative dancing. This year marked a return to various songs performed by Music Machine in earlier years, together with exciting new ones. This combination proved an impressive one, as Music Machine's early classes and devotion paid off with another year of ribbons and awards. Under the valuable direction of Ron Bolles and choreography of Reina Bolles, and with the assistance of technicians Jennifer Rogers, Tricia Ehrhardt, and Lori Lugo, Music Machine again showed their excellence and expertise in the field of musical entertainment.

Creative Arts at BVH offered much more than the ordinary. It provided for a variety of expressive possibilities, whether a student was interested in drawing, painting, sculpting, jewelry making, enameling, or weaving. Something was available for everyone, from the inexperienced to the serious art student.

For the more serious student, two in-depth, intensive programs. A.P. and Studio Art, were available. A.P. Art students were responsible for compiling a portfolio to submit to judges for advanced college credit. Studio Art students were given the freedom to design their own projects, while heeding the advice of their instructor, Ms. Trunkfield. With her valuable help, these students were able to expand their artistic abilities and develop to their potential.

Pep Band and Pep Club Raise Baron Enthusiasm to New Level

This year saw an increase in Baron spirit and pride. The Pep Club proved better than ever, promoting BVH teams with originality and enthusiasm. Assisted by Mr. Schanke, the Pep Club once again generated a sense of unity on the campus and unquestionably supported the idea that the Barons were "Back on the Attack."

The Pep Band also significantly added to raising Baron pride and awareness. Reinstated this year, the Pep Band played admirably at football games and pep assemblies, stirring the crowds and assisting the cheerleaders. With the help of members from the junior high, the band's excellent effort contributed to another winning year.

Senior Play: A Hard Act to Follow

A new class was instituted during second semester. For seniors interested in producing a senior play. Students met fourth period to practice and refine their acting skills. After various exercises such as monologues and video tapings, they were ready to take on a full-length play. The class chose "Up the Down Staircase" to present to BVH. Under the direction of Mrs. Anderson, students constructed and painted props, blocked their movements, and rehearsed relentlessly until opening night. The whole school benefitted from the class' efforts, which were rewarded by an outstanding production featuring the best in BV talent. With their hard work and polished performance, the Seniors certainly deserved the enthusiastic applause they received.

They contributed time and energy to summer practices, painting breakthroughs, organizing pep assemblies, and cheering at the many sporting events. The squad enjoyed leading the Baron crowd immensely, and they worked hard to perform well at all sports, from football to water polo. Their efforts paid off well with a coveted superior trophy c cheerleading camp, and increased Baro spirit at games.

Baron Football Alive in '85

This year's varsity football team proved to be one of the best in Bonita's history. Through hard work, endurance, skill, and outstanding coaching, the Barons were able to achieve an excellent record of eight wins and three losses.

Despite not making the playoffs, both the offense and defense were spectacular and were ranked among the top ten in the county. Their success was attributed to strong unity and their ability to pull together and work — especially after their tough losses. Led by outstanding players such as Doug Piper, Vince Montano, David Woodhouse, Roger Munger, Lance Christensen, and Burt Bulos, they were able to compile wins against stiff opponents such as Madison, Hilltop, Southwest, and Montgomery. In addition, the Barons beat Castle Park 26-7, enabling them to win Homecoming for the first time in five years.

This year's exceptional coaching staff was responsible for turning Bonita's football program around. Not only did they allow their players to have fun out on the field, but they also exerted enough discipline to have an extremely successful season. Indeed, Baron football was "Alive in '85!"

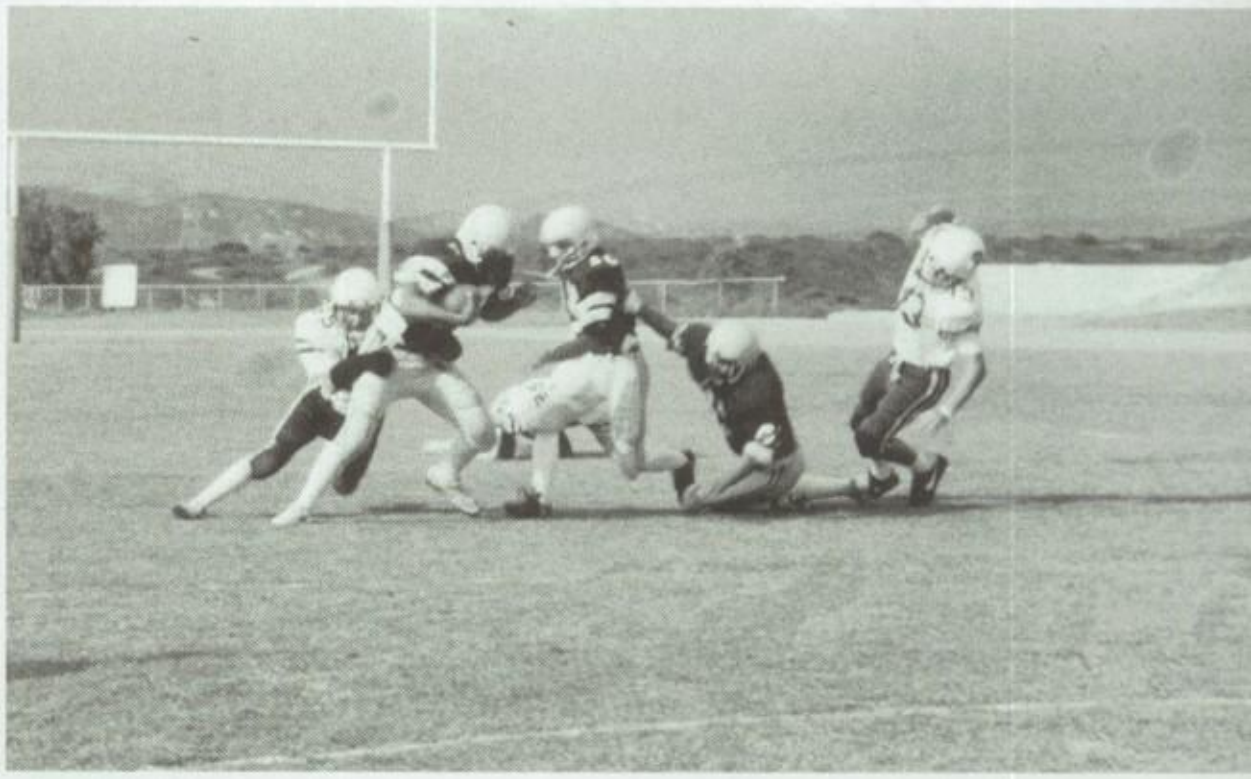
Key Wins Highlight Junior Varsity Seasor



Junior Varsity Football was highlighted by a 14-12 victory over Sweetwater. The team also compiled wins over Hilltop, Marian, and Coronado. Toward the end of the season, practice and play became more intense, and team unity was more evident. The team was undefeated on their home field in league. These JV football players will be remembered for their fighting spirit and Baron Pride.

Bonita's Boys' Varsity Cross-Country Team, which included 10 lettermen, was a terrific group this season. The first five runners throughout most of the races were All Mesa picks Danny Callan and Oliver Galchenko, Captain Todd Smith, Senior Marco Corona, and standout Tom Karins. The team was a front-runner in the league for the entire season and finished second in Mesa, losing only to Hilltop. First year runners were senior Mike Hurtado and Captain Dan Rio. The underclass strength came from sophomores Will Koneval and Chad Rannells, and freshman Ron Garsh. The team's drive and unity combined for an exciting season.

Boys' Cross-Country Strides With Pride

The boys' junior varsity cross-country had a large strong team this season and went undefeated in league. Runners Joe Martinez, Steve Del Sol, Ted Dodson, John Sikute, Mike Rich, and Scott Guthrie helped contribute to a great year. With a year of training and experience behind them, the talented JV runners will assist Bonita on the varsity level in the future.

The Girls' Varsity Cross-Country Team had another outstanding season. One of the top teams in the county, they were undefeated in Mesa League and Metro Conference. Another fine accomplishment during this season was the team victory in BVH's heat at Mt. Sac, one of the top meets in the country. The team had seven girls participate in CIF finals this year. Bonita's number one runner, sophomore Jill Schaeffer; with Maureen McGill, Jamie Ramirez, Tamara Galchenko, Christine Wingo, and freshman Mavy Lopez combined to form the CIF top seven. The team finished third in CIF. Bonita's Varsity Girls' Cross-Country Team earned respect throughout the county for its physical abilities and team spirit.

Junior Varsity Cross-Country also terrorized the courses this season. They went undefeated in Mesa League and Metro Conference. The team was strengthened by freshmen from the junior high. Coach Matthews felt that the team was very spirited and that Louise Fox, Lori Udo, Jamie Favorite, Julie Morris, and Lara Williams helped lead the team to victory. Success came readily for Bonita as early in the season, Tamara Galchenko was named the number one JV runner at Mt. Sac. The junior varsity season was marked by learning and experience making it second to none.

Lady Barons Spike With Pride

The Varsity Volleyball team reached the semifinals in CIF competition capping a fine season. Great team effort and fine coaching helped the Barons to be awarded a play-off spot in the county finals. Bonita again dominated the Mesa League with great all round play from Kelly Pietila, Linda De La Cruz, Monica Joy Macie, Cindy Baloy, Lori Sacay, and Dana Beardsley.

A highlight of the season was the girls' come-from-behind victory over Pt. Loma in the quarter finals of CIF. The graduating seniors will be missed, but with the energetic and determined underclass, another strong season will be in store for the Barons.

Baron Water Polo . . . A New Wave in Excitement

This year's Varsity water polo team, although lacking a winning record, was able to maintain a level of intense play that gained them recognition throughout the county. Despite another late start, their consistency and competitive play helped them compile two exciting wins over Hilltop. The combination of Varsity team captain Steve Devereux and outstanding rookie Rodd Wilson and Mike Mattarocci proved to be an intimidating trio in the water.

Like the Varsity, the Junior Varsity team was coached by Mr. Jim Hull. He led this group of up and coming poloists to a great season. Highlighted by their second place finish in the Baron/Lancer Invitational Tournament, this spirited group offers hope for a winning record as the new Varsity.

Varsity Boys Show Their Stuf

The Bonita Vista cagers had another great season on the basketball court. The powerful Barons were frontrunners in the Mesa League the entire season. The athletes' play progressed immensely under Coach Grande, whose discipline and teaching ability helped the players to come together. Some team strengths were scoring punch from transfer Kip Korzep, and leadership from Doug Piper, Randy Burke, and Burt Bulos. Hampered by mid-season injuries to players such as big man, Mike Mattarocci, the Barons found new talent on the bench. They did what the Barons do best — win.

The Bonita Vista girls' basketball team once again showed their dominance in the Mesa League. Seniors Cyndi Pettit, Kelly Kneadler, Linda De La Cruz, Charlene Money, and captains Cindy Baloy and Shannon Williams showed their outstanding leadership and athletic ability in every game. Also contributing greatly were Amy Roberts and Kelly Dennison. This spirited group of talented hoopsters were once again a great example of Baron Pride.

This year's Varsity baseball team was coached by John Gibbs. The team was a strong one who's players had great attitudes and possessed team unity. Always in the spirit of winning, the team had many excellent performances, both in offense and defense.

Among the top performers were seniors David Woodhouse, Jerry Foncerada, Lance Christensen, and Jim Werner. The outfield was guarded by the fast feet of Bill Miller and Rob Savarese. Every player contributed greatly to the success of the team. Each had their own talents to display and with their determination and ability to work together, what else could one expect but for Varsity Baseball to be a highlight in spring sports?

Varsity Softball Strikes

Bonita Vista Girls' Softball had another winning season. With the pitching of Dawn Gearhart and the hitting of Lore Sacay, Linda Dela Cruz, Kim Prete, and Kelly Kneadler they were again a force. This team of returning seniors and juniors as well as three great sophomores worked well together and showed what a close knit team can do with time, dedication, and talent.

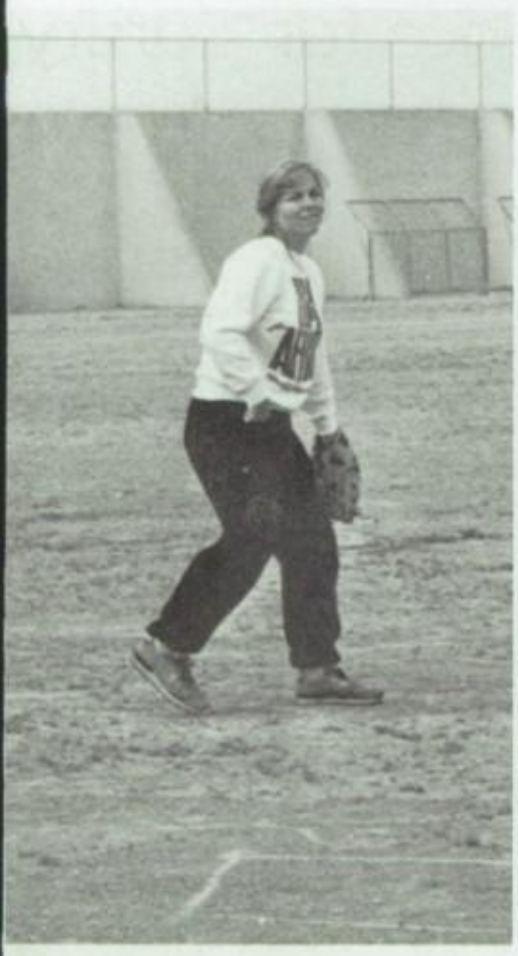
The JV baseball team, under the direction of coach Tony Maio, a teacher from Montgomery High School, was composed of many talented athletes. Their strengths as a team included excellent batting and pitching. Another positive aspect included the teams' closeness and ability to work well together. Providing the pitching power were sophomore Mike Maio, freshman Craig Catlain, and juniors Ed and John Damrose. In the hitting department, sophomores Randy Schiewe and Dave Tappan, and junior Mike Usborne provided the offense with their excellent skill.

Their goals included a winning season and top-notch playing. Despite the large number of players and a poor playing field, the team overcame these obstacles to play great baseball and improve their skills as sportsmen. Each player added his own talent, which in turn brought the team closer together, enabling them to have a successful season.

J.V. Shines With Impressive Talent



This year's JV Softball team was brimming with talented athletes. Guided by Coach Ralph Carrier, the softball team was bound for another great year. Composing the team's strength were juniors Gina Bowman, Melea Ford, and Tami Julien. Sophomore support was supplied by Tricia Pendleton. These players, along with the other girls showed promise of perfecting their ability and becoming future Varsity players.

Girls' Track Strides for Success

The Girls' J.V. & Varsity track, like the Boys' Track, was also team coached by Mr. Vega & Mr. Moomaw. The two coaches instructed and advised the teams on bettering their skills in running, and all field events. While gaining both knowledge and experience, the teams proved to be formidable opponents to rival schools.

The track team was enhanced by the speed and agility of Lisabeth Brookes running the mile, and the steadfast determination of Sonja Walton, Jill Schaffer, and Kelly Pietila. Excelling in the disc was Ana Fernandez, while Darla Osborn achieved great lengths in the long jump. These noted athletes were also supported by many other athletes, who helped to lift the girls track team above most opponents. The season was successful because of the combined efforts of all the Baron girls pulling together to win.

Expertly coached by Mr. Vega, the Boys' Varsity and Junior Varsity track eam planned a winning season. The members of the team were drilled on to victory by the two coaches and aided with new equipment.

The track was resurfaced to permit the best conditions possible for the runners New high jump kits were also purchased, enabling Vince Montano and other high jumpers to vault ahead of their opponents. Other new equipment was also purchased helping the track and field team to better prepare for their respective events.

With the excellent coaching and new equipment the Barons team prepared for league play. Team spirit and sportsmanship followed them throughout the year.

Golf Team Tees Off on Opponents

The Bonita Vista High School golf team had a prosperous and educational season. Coached by Mr. Mario Gamez, the team began with a strong determination to reach the top. Baron golfers were led by Gary Bong, whose skill and precision brought the Barons many victories. Other outstanding members included John Antinone, David Baumgarten, Elizabeth Bowman, Scott Henderson, Mike Macris, George Norton, Robert Sanchez, David Thornton, Rod Wilson. The teams record was highlighted with numerous pars and birdies, and an occasional eagle. Our clubbing Barons finished with a great record, proving once again that Bonita is a force to be reckoned with.

The swim team started their season with intense training. Coached by Joachim Hildemman, the swimmers were required to do not only drills in the pool, but also laps around the track. Practices were 2:30-5:00 every week day, and an earlier practice on Saturdays.

The girls' team, led by Shannon Svensen, swimming backstroke, also featured Sarah Widmer, Shannon Williams, and Michelle Todus, excelling in free style. The boys' team, led by freshman Peter Smith, had outstanding promise with Roy Berg swimming the breast stroke, John Adler & Steve Deverux swimming the free-style.

The team was supported by considerable parental involvement, and various fund raisers. The team held a Pizza night at Round Table Pizza, and a swimathon later in the season. Both the excellent swimmers and the outside support helped to make the swim team come out on top.

Returning for their second season, the Girls' tennis team was determined to challenge their opponents to a difficult level of play. This year's team consisted mainly of returning players, with some new talented girls as well. Unlike the preceding year, the girls were fully prepared to take on their tough schedule. In a united effort, the girls exhibited top quality play and worked their way to a Mesa League Championship title, remaining undefeated to Metro-rated number one Coronado. Although they were unable to secure matches during the CIF playoffs, the polished skill and honorable sportsmanship the team demonstrated revealed the continuing excellence of Baron athletics.

Under the instruction of two new coaches, Bill Heathcoat and Ken Smith, the Boys' tennis team was a threatening challenge to the other teams in the league. Despite losing a few top players to colleges during the summer, the boys' team returned in the spring more dedicated and determined than ever. Several new faces appeared on the courts, however, adding to the strength of the Baron team.

Unfamiliar with coaching a team, the new coach Bill Heathcoat found the job challenging but had positive opinions toward the success of the boys' matches. This year's team was a unified group whose stamina and determination would lead them into the CIF playoffs.

Varsity Soccer Kicks Off a Season of Triumph

The Bonita Vista Boys' Soccer Team again made themselves known as a force to be reckoned with in San Diego County. The Barons had a great season and showed their spirit and talent by winning the Mesa League and reaching the 3A-CIF Finals. Baron seniors Mike Murphy, Kip Shipley, David Bisby, David Barrigan, and Captains Scott Sachrison and Mike Mollay provided leadership and strength to assist the Barons in reaching their goals. The Varsity boys are another example of what it means to be a Baron.

The Baron Girls again played their hearts out and capped a fantastic season with a trip to CIF. The team defeated Poway 2-1 to capture the CIF-3A crown. Champions throughout the season, the Barons were led by seniors Kelly Pietila, Karen Shibuya, Kim Bonnorant, and Kim Roche. Defensive shutouts and offensive scoring expeditions were two facets of the game the girls seemed to live by. The Baron Kickers were again a shining example of Baron Pride.

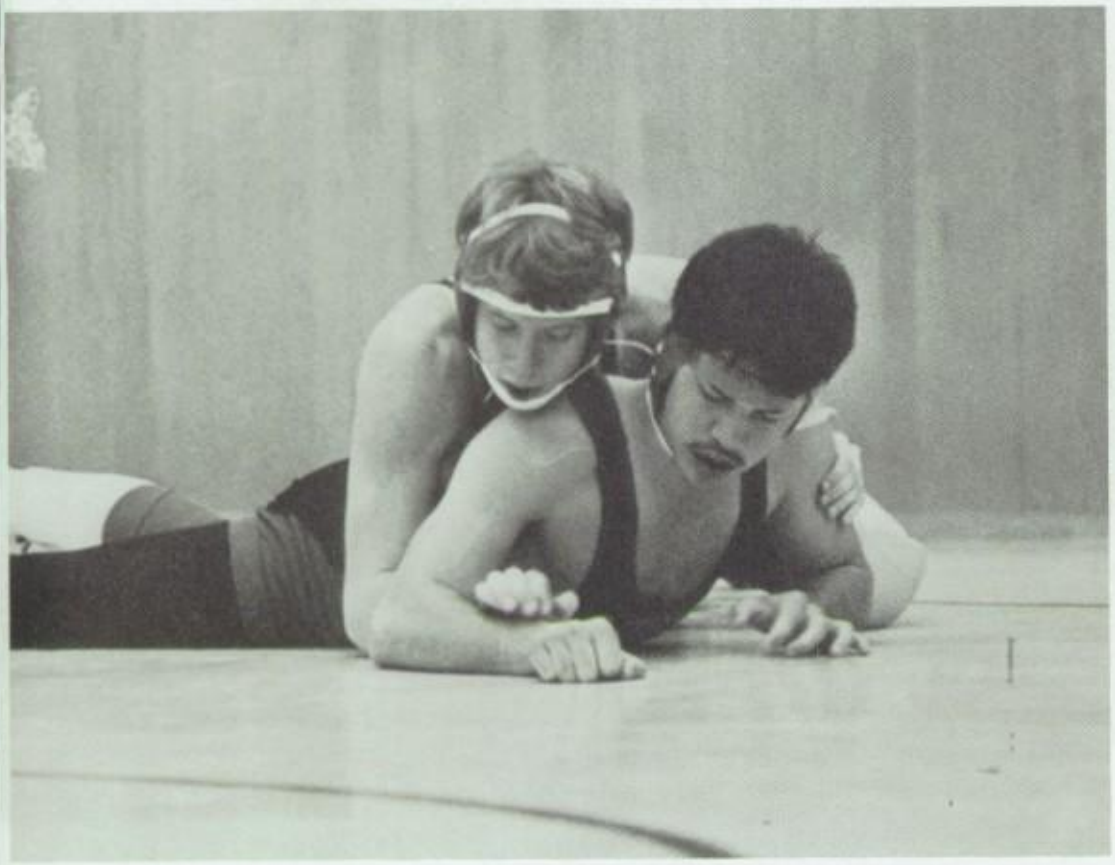
Wrestlers Take Down First Returning Season



One of the highlights of the sports scene this year was the return of the wrestling team to BV's campus. Of all the schools in the district, Bonita had the most inexperienced group of wrestlers. With the exception of team captain, David Baker, none of the other members had ever been on the mat before. Going through very rigorous practices, this team that started from scratch proved themselves in competition. One example was their underdog victory over Sweetwater.

This year's wrestling team has much to be proud of. They proved to be a strong team in control and are the first step to rebuilding a fantastic wrestling team.

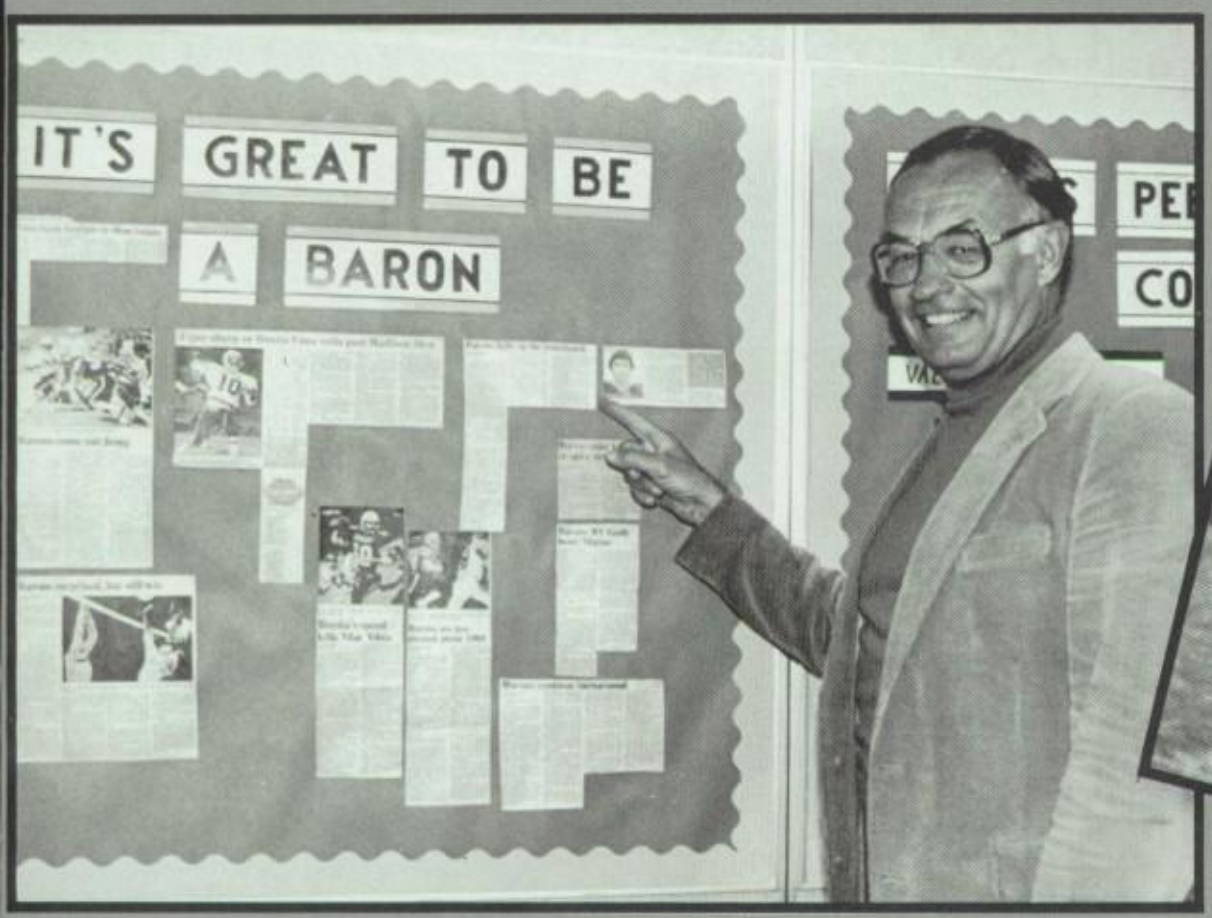
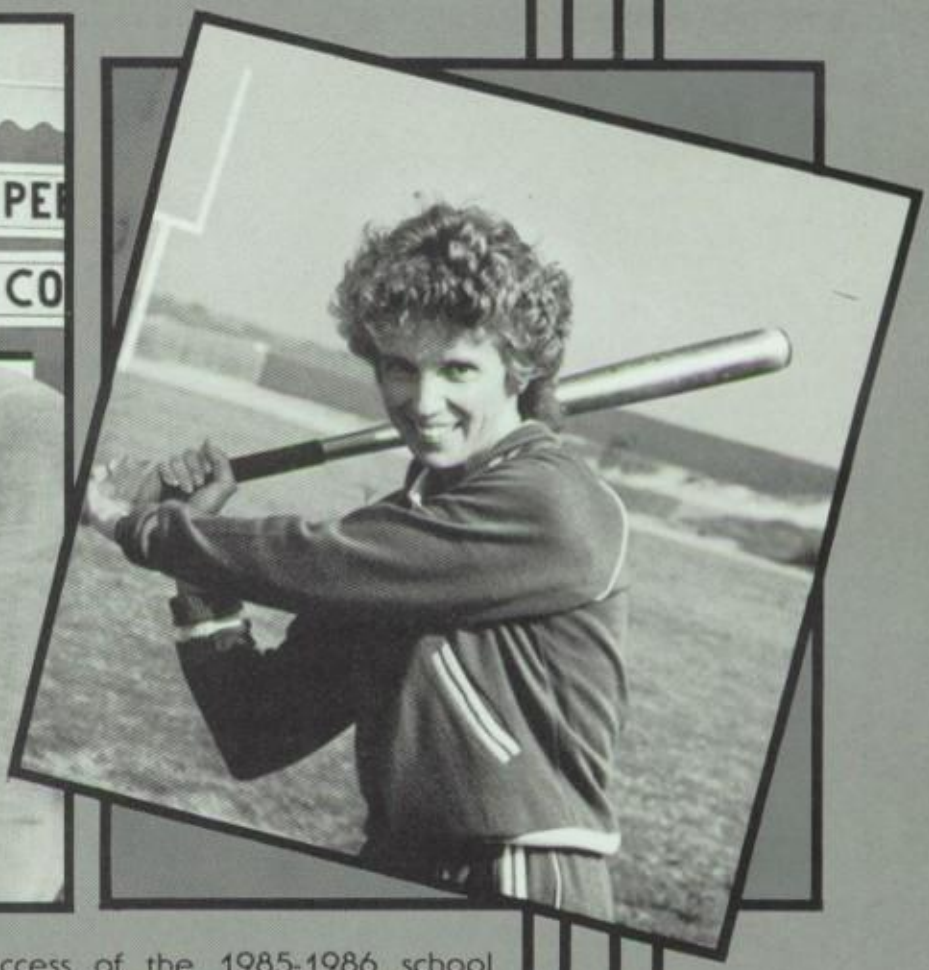
FACULTY ACADEMICS





The success of the 1985-1986 school year was the result of much dedication and hard work that the administrators, teachers, and counselors exhibited throughout the year. Continually searching for ways to improve both specific and general aspects of the school's educational system, they exerted their direction and guidance upon the student body.

Reflecting the innovativeness of the sophomore, junior, and senior classes, the faculty embodied the ebullient spirit of the students and encouraged the growth of school unity and pride both on and off Bonita Vista's campus. Though having to endure the many changes brought on by new policies and staff members, the faculty proudly continued the Bonita Vista excellence of school pride and educational achievement.

Principals Lead Barons on the Road to Success

Mr. Dale Newell first came to Bonita Vista in 1979 from his position as Principal at Mar Vista High School. He went to Waynesburg College in Pennsylvania were he earned his Bachelor's of Science degree. From there he went on to Notre Dame, Bethany, and SDSU. His past years at Bonita Vista have been a pleasure, he acknowledges. Working with students has been the most rewarding part of his job. He found Bonita Vista students to be friendly, poised, and highly motivated. The biggest change he noticed about Bonita Vista over the past year was that the students were more serious about education. He saw this in such areas as improved attendance, and school involvement. He felt the students' attitude signaled increased student achievement.

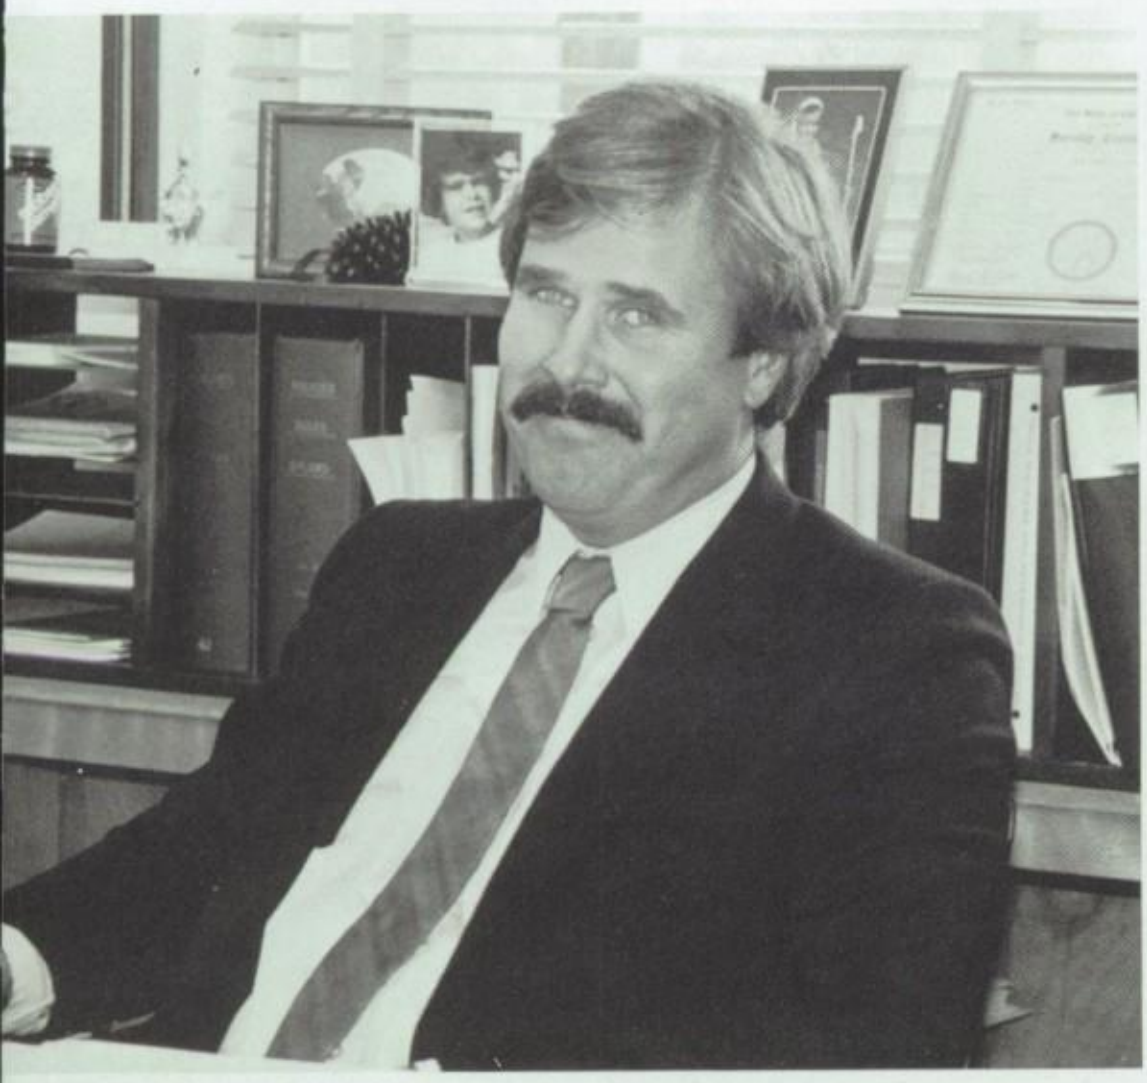
Curtis Dubost — Assistant Principal.

Nancy Robinson — Assistant Principal.



Mr. Curtis Dubost came to Bonita Vista two years ago. He graduated from Hilltop High School and went on to Stanford University where he earned his Bachelor's of Arts and Master's degree. He worked on his doctorate at USC while he also worked as an Assistant Principal. Mr. Dubost has found the teaching staff and friendly students to be the most enjoyable things about Bonita Vista. He points out that some of the most effective changes at Bonita Vista have been the expanded list of electives and new classes, the addition of eager new teachers and the success of school athletics. He foresaw a bright future for Bonita Vista with the introduction of the International Baccalaureate program, the SAC and the SOC programs for the disabled and the AAL program which involved language learning at an accelerated level. He believed that Bonita Vista would rank within the top five schools in California within the next five years.

Ms. Nancy Robinson came to Bonita Vista three years ago. Before instructing at Bonita, she was the assistant principal at Sweetwater High School. Ms. Robinson earned her Bachelor's of Arts at California State Long Beach. Unable to single out the most favorable aspect of her job, she found her total experience at Bonita Vista to be enjoyable. She felt that increased school spirit was the most important change at Bonita over the past year. She predicted continued growth in the areas of academics and school pride.

Guiding the Potential

The first people to learn of the new classes at Bonita Vista were the counselors. Perplexed students came to the counselors with questions about new classes, college applications, graduation requirements, and other problems.

Some counselors were also called upon to work in specialized areas. Ms. Paula Bingham worked with students in the GATE program and was an advisor to CSF. Ms. Marilyn Pluss oversaw competency testing. Mr. Clarence Uri counseled Del Rey students and ran the work experience program. Ms. Linda Wells counseled a large part of the student body and wrote many college recommendations. The counselors provided the needed guidance for the students enabling them to get the best education possible.

While the cafeteria ladies kept things going in the kitchen, the custodians kept the campus clean. They also made repairs on doors and leaky faucets among other things. Bus drivers provided students with a safe and free means of getting to school. While these people were not always visible around campus, they provided students with valuable and necessary services.

Although English was a required course, many different classes were offered. Among these were AP Literature, Short Story, Shakespeare, Humor and Satire, and Basic Composition. These classes provided students with basic writing, reading and spelling skills needed to communicate in the everyday world, as well as preparation for college.

As the class choice varied with each student, the personalities and teaching styles varied with teachers. Some teachers preferred to assign term papers and essays, while others concentrated on assigning reading material. While each teachers approached students in different manners, the foundations were still aimed at basics.

Foreign Languages Spread Cultural Awareness

Foreign language was a department well used by students at BV. A year of foreign language, whether Spanish or French, was required to graduate.

For the first time in several years, Spanish 7-8 was offered to those students who wished to do advanced study. The new course, taught by George Clayton, was taken by more than one hundred eager students.

Teaching students to both read and write in a different language proved difficult, yet rewarding for the teachers. The basic reading and writing skills were supplemented with bits and pieces of Spanish and French culture. This served to heighten the students' awareness of other people and places, while making the course more interesting.

In the math department, students were kept updated, especially on computers. The room was expanded and a new A.P. Computers Class was added to the long list of electives already offered to students. In Computer Literacy and Computer Science, students were introduced to some of the basic skills and history of the computer, along with simple programming.

In algebra, geometry, and trigonometry, students learned major concepts and how to manipulate equations. Math Analysis and Calculus students took a more in-depth look into these ideas and equations and applied them to real life. The Math Department provided academic classes that had real life uses at all levels.

This year saw some new teachers and a new course, Advanced Placement Chemistry, added to the science department. Mr. Andrew Avila and Mr. James Berrian were needed additions to the Biology program. Together they took on a part of the load carried by Mr. Evans, Mr. Mazzarella, and Mr. Pendleton for years. Mrs. Roberta Ball was also a welcome addition to the Chemistry program. She took on most of the Chemistry classes during her first year at Bonita Vista. Ms. Grindle continued to awe physics students by her fascinating demonstrations and labs, and by making the homework seem so easy when she did it on the board. Thus students seeking adventure and wanting to discover new ideas could fulfill their needs in Bonita Vista's Science department.

This year the Social Science department saw the beginning of two new courses. The most significant addition was the World Cultures class. When the class was added to the list of required classes, it became a controversial issue between the sophomores who were required to take the class and the upperclassmen who did not. World Cultures teachers, faced with this issue and the problem of creating an entirely new class, were remarkably successful in getting off to a good start.

Another new course was Advanced Placement European History. This small class of seniors was interested in the history of Europe from the 15th to the 20th centuries. Mr. Nick Lalicata taught the first-time class and was aided greatly by the hard-working and good natured students.

The World Cultures and A.P. European History classes were a welcome addition to the acclaimed Social Science department at Bonita Vista.

Students Create and Perform in Fine Art

Practical Arts was an interesting academica area. It offered a variety of courses that related to important career-oriented subjects. Courses were offered in the business field, drafting, auto mechanics, and child development.

In the business area, students could choose electives in different levels of typing, shorthand, and accounting. A business course with computers was even offered to help students reach their goals.

Other electives were offered to mechanically inclined persons. Mr. Larson taught students drafting and auto fundamentals, where students got hands-on-experience with cars. The Practical Arts Department offered different classes that helped to break the usual monotony of the school day.

In the fine arts field, students could take electives to let their talent shine. Ms. Trunkfield taught different levels of arts and crafts classes including A.P. Art. For those who like to perform, Mr. Miller taught zero hour pep band at the junior high. Finally, there was concert choir and the exciting sing-dance elective, Music Machine.

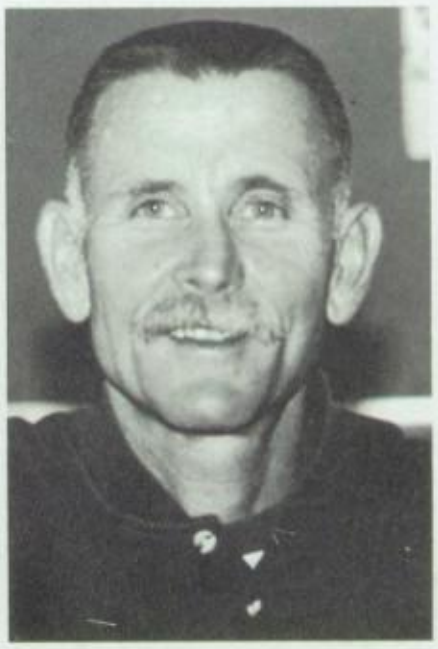
Wayne Whitby — Physical Fitness, Team Sports, Weight Training and Jogging



The newest addition to the Physical Education Department at Bonita Vista was Ian Cummings. He was the first teacher to be able to devote his entire time to the adaptive P.E. class. He divided his time between his class here and his classes at Hilltop where he also was the Cross-Country coach. He was a welcome addition to the fine staff of P.E. teachers at Bonita Vista.

Ms. Jan Kimball continued her outstanding work with the dance classes. Mr. Larry Roberts coached students into an active semester of team sports. Ms. Elaine Watt taught another class to get students to appreciate Individual Sports and Aerobics. Mr. Wayne Whitby successfully trained another class in Weight Training and Jogging. Together, the staff of P.E. teachers helped guide their students to a more active life.

The faculty of the Special Education Department was enlarged in the Fall of 1985 to compensate for the increased enrollment in these programs. The department had consisted of the English as a Second Language (ESL), Regional Specialist Programs (RSP), and Special Day Class (SDC), but sorely lacked the necessary number of teachers who had the ability to handle the special needs of their students. Fortunately, a fine staff of patient, eager, and intelligent teachers was formed.

The teachers were divided into each of the programs according to their skills. Ms. Flett ran the ESL program along with one of the program's original teacher, Ms. Bennett. Ms. Braithwaite, Ms. Staulz (not pictured), Mr. Tyler and Ms. Wood joined Ms. Speer in the SDC program that had students who had a learning disability. This staff of dedicated teachers was able to complete another successful season in the Special Education Department.

New Classes Add Variety

Because of the elimination of the minimum day, new classes were added to the list of courses students could take while attending Bonita Vista. For those who liked to improve their foreign language skill, students could take French 5-6 or Spanish 7-8. Students who liked to perform took Band or Drama. And a new Business Law Class was started.

Three new Advanced Placement (A.P.) classes improved Bonita Vista education. In A.P. European History students studied from the Middle Ages to the Present in Europe. A.P. Computer Science and A.P. Chemistry were also popular new additions.

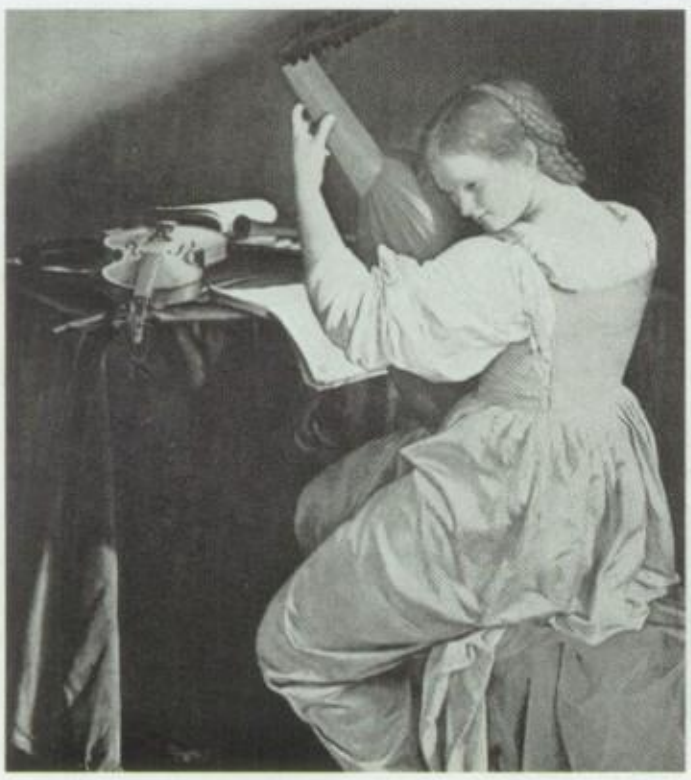
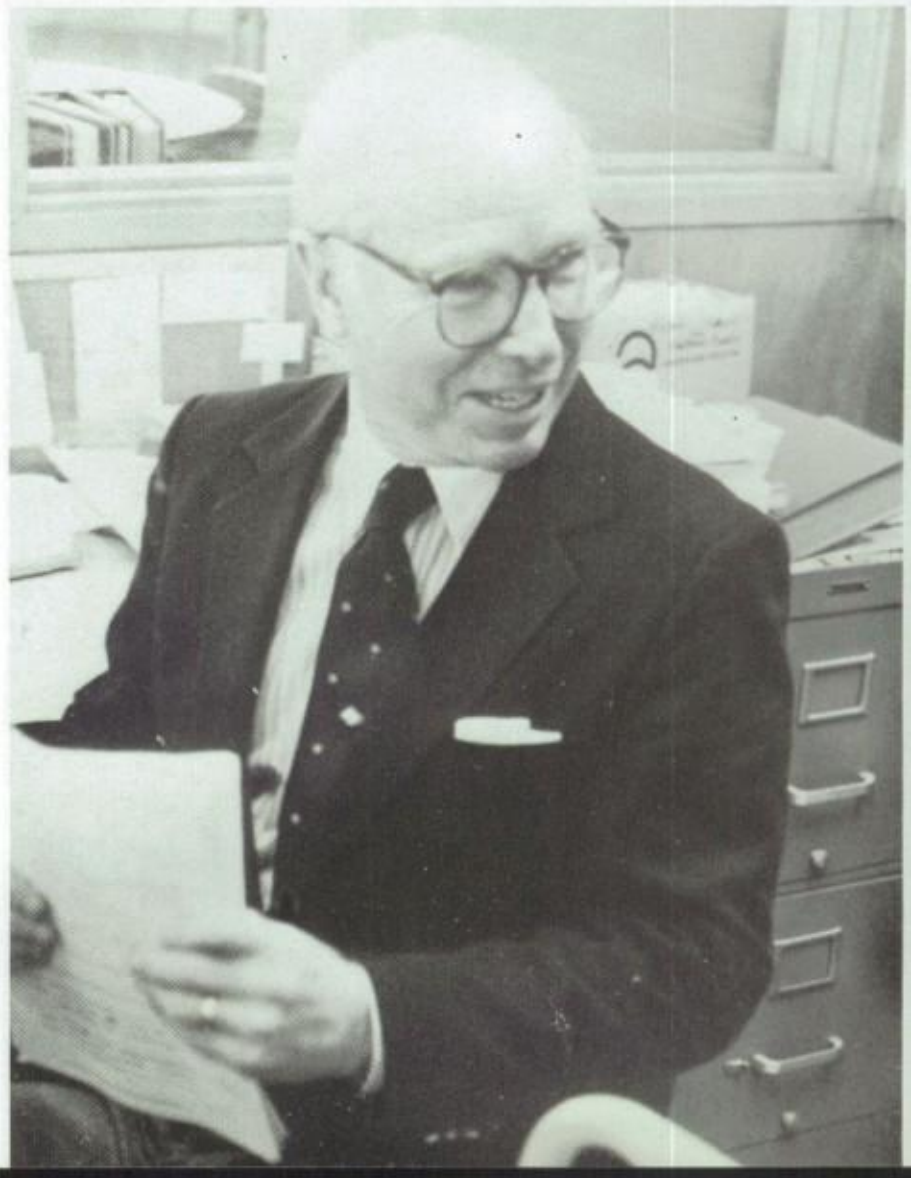
Cultural Atmosphere Dominates Library



Mr. Wolff, in his first full term as Librarian, undertook a massive campaign to make our library a school-wide Cultural Center. The four Master Art Prints above are but a small representation of over one hundred prints purchased to provide a revolving art Exhibit. He put out a plea for books to be donated to add to the literary offerings of the library. This was met with the donation of over 1,000 paper back books; the highly successful drive was spearheaded by the Interact Club.

There were weekly noontime concerts to offer a quiet solitude and present the works of Great Musical Composers from many periods of history. These offerings were a very positive step toward the elevation of the Cultural Atmosphere of Bonita Vista High School.



Suzanne Santos, Chris Cate, Staff Member Margaret Frank and Chris Pedersen enjoy the quiet peace of the Library during the noon hour.

Students and Staff alike enjoy the cultural offerings, a place to escape the crowds and noise; to gather one's thinking and feel refreshed.

In the classroom, a lot of time was spent listening to a teacher's lecture, participating in class activities, or just taking time out to study for a test or finish an assignment. But there was always some time left to discuss weekend plans with friends or read the school newspaper. The classroom became not only a place to learn, through lecture, but to also learn through having fun.

Displaying the qualities of an all-around person, Steven Lenga was a popular face on campus with both his peers and his teachers. Receiving the Darn Good Kid Award from the school during his junior year, Steven was a good student as well as an excellent athlete. Enrolled in difficult classes such as an AP course, Steven was able to sport a G.P.A. of 3.65 throughout his high school years. In addition, he served as a teacher's aide during his senior year.

Steven's athletic activities centered mainly on baseball. As a sophomore, he played on the J.V. baseball team. A year later, he played on the varsity team as te team motivator. He continued his participation in baseball throughout his senior year as well. Steven diplayed his true Baron spirit by acting as the Baron mascot, drawing the crowd's cheer and support behind Bonita Vista's football team during games and pep assemblies. His plans after graduation included attending Auburn University and majoring in Pre-med.

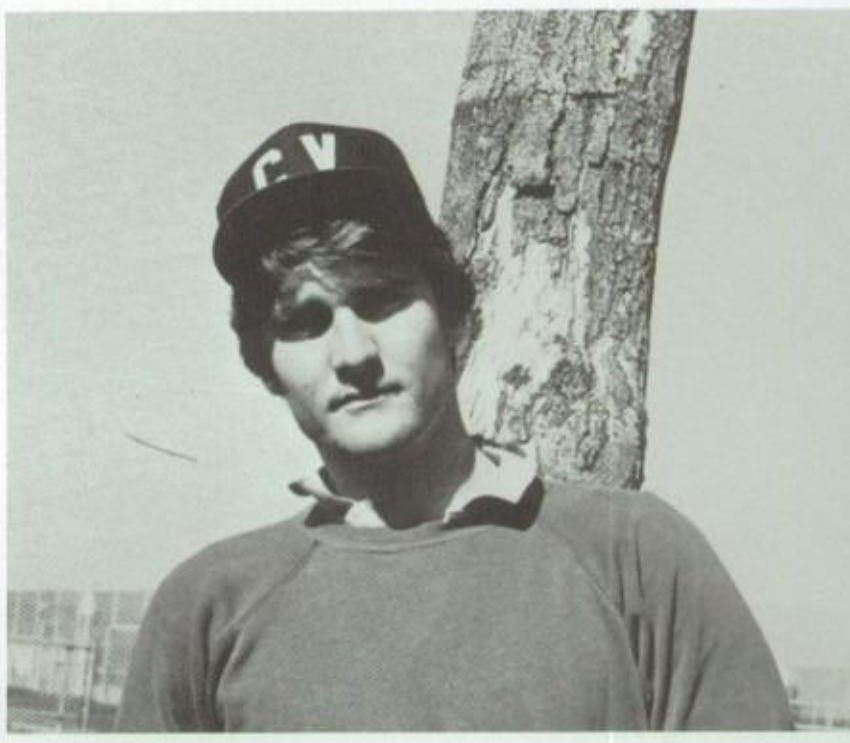
A prominent academic achiever at Bonita Vista, Ernest Nebel maintained a G.P.A. of 4.0 throughout his entire high school years. Through diligent studying, Ernest successfully completed all of his difficult class schedules which included several AP courses. Originally from Mexico, Ernest not only spoke English well, but was also fluent in three other languages, Spanish, German, and French. His scholastic excellence was seen by the many certificates of academic achievement he was awarded during his junior year.

Ernest, in addition to his academic concentration, was also involved in various activities upon campus. During his senior year, he served as secretary of the Interact Club and was a member of AFS. Accomplished in the athletic field as well, Ernest ran for Bonita Vista and lettered in track. In whatever time he had left between studies and athletics, Ernest often traveled throughout Mexico selling cameras for his father's company. Looking toward the future, Ernest, although accepted to UC Berkeley and Stanford, was awaiting decisions from other colleges before deciding upon a major.

Concentrating mainly on sports during his high school years, David Woodhouse was prominently known around campus through his athletic achievements. A popular guy both on and off the field, David had the strong characteristics which gained him respect as the leader of the Baron football team's defense. Voted Most Valuable Player on defense during his junior and senior years, David helped lead his team to All-CIF during the 1985-86 season. His involvement in varsity baseball and basketball attributed to his successful athletic career at Bonita Vista. Concerning his future plans, David, who was undeclared in major, had decided to attend San Diego State University.

Best All Around Male — Steven Lenga

Top Male in Academics — Ernest Nebel



Top Male Athlete — David Woodhouse

Top Six Seniors

Best All Around Female — Kimberly Roche

Top Female in Academics — Deborah Fukushima

Top Female Athlete — Dana Beardsley

Contributing much to Bonita Vista High, Kim Roche displayed her well-roundedness on campus through her academic diligence and school involvement. Excelling in her studies, Kim was able to maintain a G.P.A. of 3.86 despite many years of honors classes. In addition to her scholastic achievements, she was accomplished on the soccer field as well. A member of CYSA Soccer for four years, Kim also played on the girls' varsity soccer team throughout high school. As a sophomore, she was named 2nd-Team All-Mesa League, and in her junior year she was named 1st-Team All-Mesa League. During her senior year, Kim was a vital part of the dominating Barons who captured the CIF title. She ended her high school soccer play with the Most Valuable Player Award given to her by the team. In addition, Kim was named 1st-Team All-Mesa as well as 2nd-Team All-CIF.

Kim's school activities, however, were not limited to athletics. She was a member of several clubs on campus, including the Service Club, Pep Club, Thespian Soiety, and Interact. Involved within her community, Kim also participated in such events as the American Diabetes Association Bike Ride and Walk America. While also being highly accomplished in both piano and voice, Kim's future plans were geared toward attending UC Davis and majoring in biological sciences.

Academically geared in high school, Debbie Fukushima was able to maintain her high G.P.A. throughout difficult honors and AP classes. For her scholastic excellence, she was awarded with such achievements as the Harvard Book Club Nomination Award for Most Outstanding Junior as well as the National Council of Teachers of English Achievement Award in Writing. Aside from her academic focus, Debbie was also involved with different activities on campus. She was a member of te Pep Club, the Thespian Society, and the Interact Club.

During her junior and senior years, she served as an Assistant to the Dean. A majority of her time, however, was dedicated to the yearbook. A Co-Editor on staff, Debbie worked on the design and layout of the school annual. While her hobbies included music and tennis, her enjoyment of drawing led her to major in art with plans of attending either UC Irvine or UC Los Angeles.

Dana Beardsley contributed much to the athletic strength of Bonita Vista. As a sophomore, Dana lettered in three sports, varsity volleyball, soccer, and track. She was named League Honorable Mention in volleyball, All-Mesa League, and All-Metro Conference in soccer. As a junior, Dana was named Team Most Valuable Player and 1st-Team All-Mesa and All-Metro in volleyball. In soccer, she was also named team MVP, 1st-Team Mesa and Metro, and 2nd-Team All-CIF. During her senior year, Dana decided to concentrate on volleyball and was named team MVP as well as Most Inspirational. She was also named All-Metro, All-Mesa, and 1st-Team All-CIF.

In addition to her school athletic involvement, Dana played on the San Diego Juniors Volleyball Club during the winter and spring months. Away from the volleyball courts, Dana served as commissioner in her senior year, and was a member of the Senior Steering committee. She also spent much of her time working on the sports section of the yearbook. Maintaining a G.P.A. of 3.49, Dana planned to major in liberal arts while attending either UC Irvine or UC San Diego.

Drifting in and out of certain crowds, seniors tried to discover themselves while making new friends. They laughed and cried, together and apart, while forming the memories that would live on forever. New bonds were made and old bonds were strengthened, as yet another year ended.

Senior Expressions

Expressions of all kinds were found on the Bonita Vista campus, but Seniors had the best.

Bonita Vista High School's Graduating Class of 1986 showed their spirit beyond compare; they were enthusiastic about school. This could be seen on faces all around campus. Not only did seniors contribute their time in making school spirit ever present on campus, but they reflected Baron Pride throughout the community.

Seniors experienced renewed interest in their school during their last year. Part of this enthusiasm can be attributed to the changes which took place such as the introduction of new classes, new teachers, and especially, new clubs. Two of the new clubs on campus were the creative writing club and the classical music club. These clubs drew many interested seniors while clubs that were re-established reached record numbers in their memberships. With club memberships on the rise, seniors were able to successfully combat the common lethargy known as senioritis.

Lunchtime became more than just a time to eat. There were always a wide variety of activities going on. During lunch, friends sat together and discussed plans for the weekend, compared answers on homework assignments, and talked about upcoming tests. Others worked during lunch, either in the A.S.B. office selling such things as soft drinks and candy, or in the cafeteria. Many students attended club meetings, or received extra help from teachers. All in all, lunch became a time to eat, socialize, or participate in school activities.

November first was a day for all to remember. The atmosphere was heart-warming and exciting. For the first time, students of different colors, backgrounds, and opinions united as one. The Barons were, that night, to play the Sweetwater Devils. The Devils were then considered one of the toughest football teams in the district.

Barons were so fired up over this event that the spirit could not be contained, and resulted in a spontaneous pep assembly. Although we were defeated 6-0, the score was close, and the support of the student body made the game a victory, not a defeat.

The days of many seniors did not end at school. These seniors went from work in classrooms to work in after-school jobs. For many Seniors, their last year of hig school was a time of testing in preparatio for college admittance. The most infamou and dreaded test was the Scholastic Ap titude Test, or S.A.T. In many cases, th S.A.T. was the deciding factor for admi tance to college. We wish to commemorate Steve Bailey for his outstanding contributions to BVHS. Steve will best be remembered for his theatrical talents during his high school years. His intelligence and wit gave him the ability to play different character roles with versatility.

His last visit to the BVH theater that he loved so, was to see the final performance of "Fast Food" in October of 1983. He was thin and pale, wearing a baseball cap to cover the signs of his illness. The performance was dedicated to him by the cast. He accepted modestly, stating, "I figured President Reagan or Bruce Springsteen had walked into the room."

Steve's friends put on a benefit show in March, 1984, to raise money for the "Stephen A. Bailey Performing Arts Scholarship." Raising the money for this fund was a touching tribute to a young man whose personality and courage remained intact even as hope and vitality escaped him.

Steve Bailey, we salute you.

UNDERCLASS

Not to be overlooked by the senior class, the advancing juniors and sophomores made their presence known on campus through their spirited enthusiasm and excitement. The underclass added to Bonita Vista's surge of pride throughout the entire year by becoming an active part of the student body. Excelling both academically and athletically, the underclass assured that the dominating spirit of Baron pride would continue on into the following years of Bonita Vista High.

A big step for many juniors was to plan for their future. Many took the first step by deciding which colleges to apply to. Students came storming into the Counseling Center, straight to the brochure stand, and began a desperate search for the right college. Although many juniors had a future in mind, others decided to "browse around" for their future needs. All in all, juniors took the first step in preparing for their future goals.

A common gathering place for friends was in the lunch area. Each small clique would meet in their established area. Popular sites were on the grass sections near an available tree for easy escape from seagull attacks. Students also met on the Senior Lawn, the stage, or in the cafeteria area.

Time spent with friends expanded verbal skills and strengthened friendships. In each group, weekend plans were made, secrets were exchanged, and test answers were discussed. Topics arranged from views on morals to politics, or future aspirations. Through sharing ideas, students were able to form their personalities and identities that would last past their high school years.

After enduring either Mr. Moomaw's or Mr. Whitby's driver's education class, underclassmen bombarded the Department of Motor Vehicles in an attempt to pass the written exam required for a driving permit. Armed with pink slips, juniors (and a few sophomores) arranged for lessons from driving schools. Parents, pressured by the determined students, endured endless exposure to whiplash as inexperienced drivers jerked and swerved around Southwestern College's parking lot. When parents were assured of their teenager's driving competence, plans were made for the "Big Day." With newly-acquired license in hand, underclassmen expressed their gratitude by saying, "Where are the keys, Mom?"

The ASB offered juniors an opportunity to buy class rings. Class rings have always been a traditional symbol of high school memories. Students were able to choose from an extensive variety of settings and cuts to personalize their rings. The most popular design was the Baron mascot and crest combination with a blue stone to represent BVH's school colors. Whatever the choice, class rings will always remind their wearers of their high school years.

Many of the underclassmen expressed their creativity during Spirit Week. Juniors and sophomores dressed up in ingeniuos pajamas for Pajama/Sweats Day, nerdy, outrageous clothes for Nerd/Tourist Day, and identical clothes for Twins Day. The finale of the week came on Friday, October 18th, when the underclass showed their BVH pride by wearing blue and gold. Spirit Week sparked the innovativeness of underclassmen, which made the week a fun filled time for participants involved in the acitivities.

The underclass wished to remember Tony Bemis, a member of the graduating class of 1987.

Tony played offensive lineman for the junior varsity football team. His dedication to both football and his studies made him well respected by his classmates.

Tony moved from Colorado to Bonita in the summer of 1984. Although he was a quiet young man, he made many friends in the time he went to BVH.

Tony's peers found in him a comforting and understanding friend who was always willing to listen. Tony's display of optimism and courage during the last few months of his illness was an inspiration to all those who regarded him with respect and admiration.

Students Individualize Lockers

Students often expressed their individuality through their lockers. The monotony of the drab light brown lockers contrasted sharply with the vivid pictures and slogans within. The decorations in the lockers often told the personality of its owner. Girls' lockers contained cutouts of their favorite heartthrobs, photos of friends, and mirrors. Boys usually hung pictures of girls and surfboard slogans. The most creative lockers contained carpet, wall paper, or pin-ups. All of the personal items, of course, had to be removed at the end of the year.

The sophomores give a rousing yell at the first pep assembly.

During the 1985-86 school year, the sophomore class' enthusiasm rivaled that of the juniors. In the pep assemblies the group yelled and cheered with all their might. The sophomore class was definitely an up and coming force to be recognized by the rest of the student body. Even though the seniors were recognized as the most spirited, the sophomore class did not lose interest. They may not have won the pep assembly spirit contests, but their enthusiasm and spirit was a dominant force throughout their two years.

The GATE, or Gifted and Talented Education classes were again offered to sophomores and juniors who showed outstanding learning capabilities. The sophomores' GATE class was taught by Mrs. Ransburg and Mr. Lalicata, while the junior English classes were taught by Mrs. Flores and Mr. Carrier. GATE students participated in activities such as Greek Day, class debates, and the San Diego/Tijuana International History Fair. These students had the opportunity to participate in an accelerated program that prepared them for college-level programs.

Underclass Keep in Touch

Sophomores trying to call parents, friends, and loved ones made the pay telephone one of the busiest places on the Bonita campus. Nutrition break and lunch brought long lines of students waiting to make calls. There were simply too many people who wanted to make calls and not enough time to make them. The phone was a life line to forgotten homework, rides home, and messages to employers.

The sun rose in the eastern sky, the vicious clouds formed overhead, and the wind excited the fears of everyone. Was this the scenario for some low budget horror film? No, it was Halloween at Bonita Vista. Underclassmen paraded in imaginative costumes ranging from a simple mask to the most original costume winner, the Pillsbury Dough Boy. Other prizes were awarded for the scariest and the cutest costumes.

As the moon illuminated the dark horizons, spirited students joined the celebration of Halloween. Many watched "Nightmare On Elm Street" at Campus Life, while others went on to parties. Some expressed their ghoulish spirit by participating in "Scream with the Machine" or various haunted houses in Bonita.

Many underclassmen were involved in several of the lunchtime activities. One common occurance in the lunch area was birthday parties. Friends often decorated the lucky person's locker with bright wrapping paper and a poster declaring "Happy Birthday" in huge, colorful letters. At lunch, the guests of honor opened gifts and shared birthday cakes made especially for them. Lunchtime was a time of happiness and celebrations for many underclassmen.

HAPPENINGS

Ms. Grindle demonstrates proper mop-holding technique to her senior students in preparation for the special half time show.

Spurred on by the spontaneous pep assembly, Bonita Vista students enthusiastically express their pride.

Seniors gather around the table in order to purchase their graduation momentos.

Jeff Bugayong and Carrie Bonner sing a duet during the Music Machine's Christmas performance.

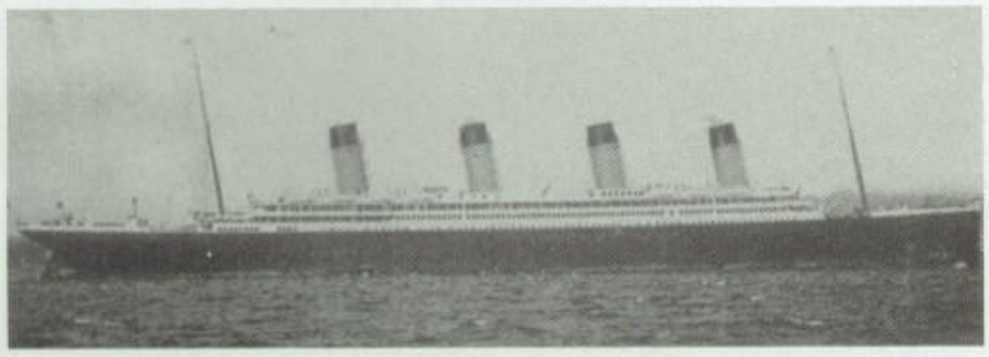
Kim Navariz and Anna Fernandez have a good time sliding down the grass after the seniors' successful canned food drive.

Many different events, styles, and happenings dominated the Baron campus. Activities performances, and class secrets, to football, baseball, and soccer games, to name a few.

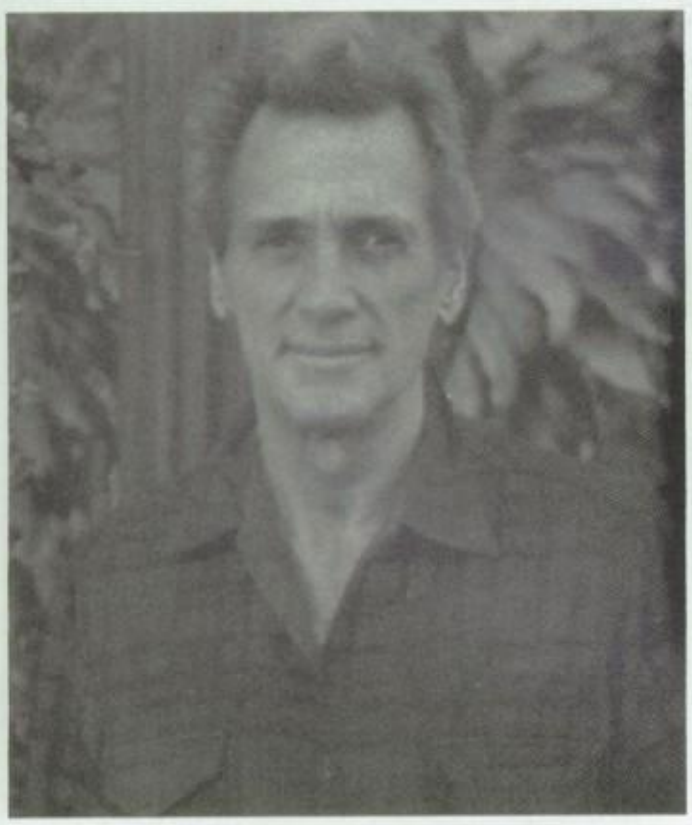
Another important aspect of the year was current events occuring around the community, and around the world. Major disasters, such as the tragedy of the Space Shuttle and the meltdown of the Soviet nuclear power plant touched us all.

Similarly, more controversial events such as world terrorism and the bombing of Libya affected each student differently. While opinions and reactions to international and national events varied between persons, the Barons managed to stick together through times of trial and trouble, proving that we are indeed one.

National Events Rock the Nation

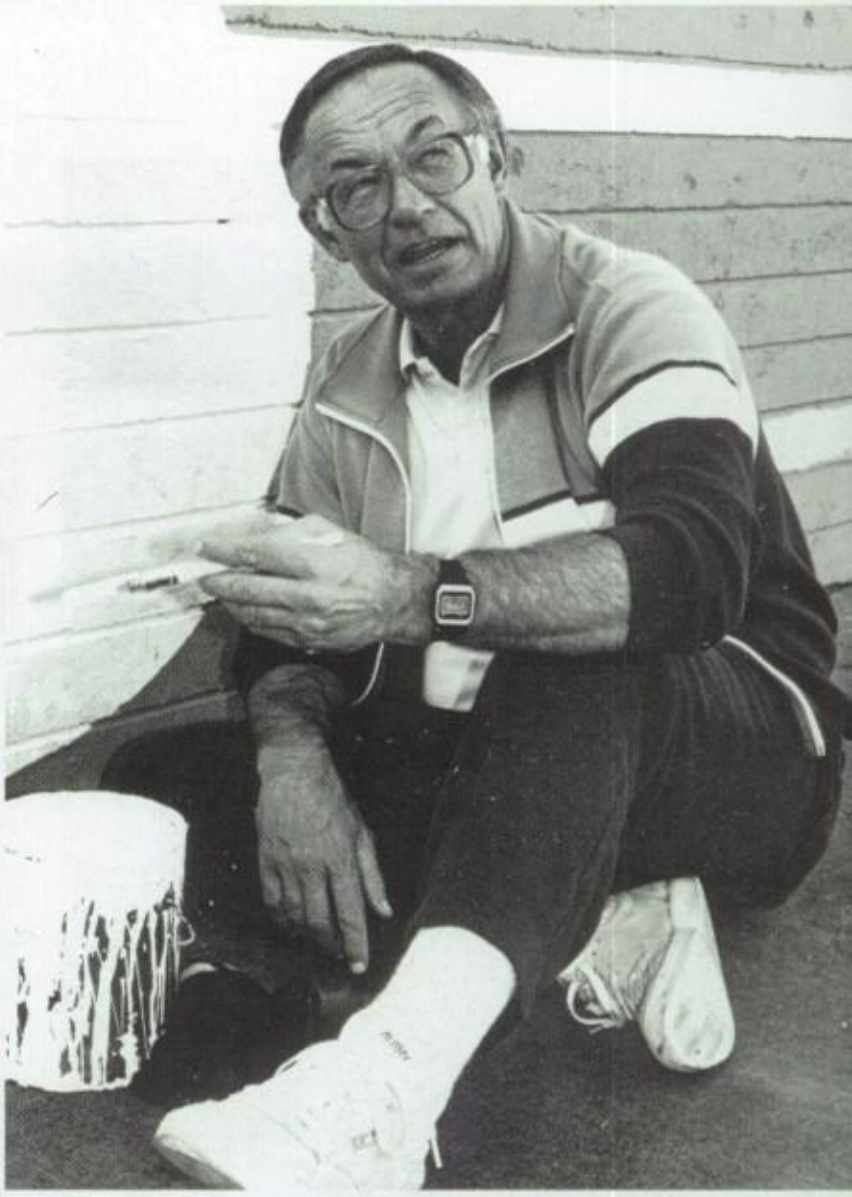


All pictures courtesy of People, Time, and Life magazines.



Tragedy occurs everyday but during the school year, terrorism and disaster were rampant. These events were softened by enthusiastic performers such as Michael J. Fox, Don Johnson, Phillip Michael Thomas, and famine relief organizations such as USA for Africa. Hollywood had its share of misfortune. Deaths of celebrities such as Yul Brenner and Rock Hudson left a great void in the motion picture industry. 1985-86 will be remembered as a year of very bad times along with times most happy.

Student Events Induce New Energy on Campus



Evelyn Pratt, Denisa Legaspi, and Dana Beardsley work diligently on the annual winter activity, the six period door decorating contest. Awards were given by the ASB to winning classrooms.

The Music Machine gave a special performance for a group of disabled children who, in turn, shared a song with them.

Mr. Schanke, the epitome of school pride, undertakes a new activity designed to improve the appearance of the school. He and a group of students painted the Senior wall in blue and yellow.

Evelyn Pratt sits upon a ruptured fire hydrant — one of the more eventful occurances which turned the campus into a pond.

Enjoying the impromptu dance set up during lunch, Tom Benner and Kim Bonnoront move to the beat.

Ms. Murphy and Mr. Newell, the school principal, proudly present awards to students recognized for outstanding athletic achievement. Occasionally, special assemblies like this were held during lunch.

Matt Scott, Ricky Retnante, and Cesar Avalos assist in the officer elections which took place approximately half way through the school year. The elections were to determine the officers for the 1986-1987 year.

With a smile of success, Todd Tanaka sits among his friends Matt Scott, Karon Abe, Nicole Mascola, and Ray-Larry Hom. After a hard election week of campaigning and poster making, Todd was voted as the new 1986-87 ASB President.

Although many people had similar styles, the season's primary emphasis was on individuality. Personal style became more important than wearing "what was in." Even with the innovative expressiveness of each studen certain trends were also followed.

As always, levis were a standard in en's foshions. A new twist was added, however, with black, grey, and white jeans.

Fads for the season included designer perfumes, such as Giorio and Calvin Klein, and colored waterproof watches such as Swatch.

Girls' styles focused on elegance. Collared shirts in rich fabrics such as silk and satin were patterned in flowers, paisley, and large prints.

Accessories included broaches, rhinestones, pearls, and lace.

...favorites included embroidered jacket and skirt ...ons, oversized shirts with tails, and tight knit ...

Other popular accessories included hoop earrings, boots, Reeboks, and over-sized purses.

The Sr. Class Moppets. Top Row: Karen Lugenbehl, Jill Gillespie, Debbie Fukushima, Kim Fish, Julie Perkins, Loretta Lenga, Heather Dries, Lisa Schweidler, Jennifer Rouse, Jolie Barton, Rachel Palenschat, Laurie Soeten, Polly Johnston, Susan Mann, Anna Arroyo, Stephanie Hicks, Michelle Todus, Carolyn Gonzales, Evelyn Pratt. Front Row: Karen Giacobassi, Loren Sweatt, Kim Roche, Ana Fernandez, Cariya Chanavichot, Aileen Lapid, Cyndi Maassen, Whitney Cunha, Karen Shibuya, Lauri Ledesma, Lori Sacey, Charlene Money, Mary Ann Neyra, Giena Velo. Coordinator: Ms. Grindle (seated).

The moppets cheerfully perform for an adoring crowd during half-time.

Anna Arroyo, Cyndi Maassen, Loren Sweatt, and Jill Gillespie struggle their way through moppet practice.

As a result of outstanding senior pride, girls in Ms. Gindle's calculus and physics classes presented a senior secret during a basketball halftime. They entertained the crowd with a stunning rendition of a drill routine to "Supercalafragilisticexpialidochous." They used mops to dance across the gym floor with enthusiasm and rev up the crowd. Under the leadership of Ms. Grindle, the girls were able to put together an experience that will keep them laughing for years.

Teaching English 10 at Bonita Vista, Ms. Sobel's experience and knowledge was an asset to the school.

Teaching Driver's Education, Mr. Gibvel helped new student drivers to be prepared for any situation.

Previously a student teacher at La Jolla High, Ms. McClellan is now instructing such classes as Biology, Basic Algebra, and Life Science at Bonita. In her first year teaching, she is already an asset to the academic excellence of Bonita Vista.

In July 1985 the Sweetwater District welcomed a new Superintendent, Mr. Anthony Trujillo. He came to us from the Mt. Tamalpais School District in Marin County, a smaller district where his position was also that of Superintendent. Since his arrival this school year, Mr. Trujillo was actively interested in visiting schools; he listened to students and staff and invited public participation and response to the role of the school within the community. He was keenly interested in issues of class size, test scores, school starting times, and classroom curriculum development, as well as housing and school site development in the community.

We were pleased to have Mr. Trujillo and hoped that Bonita Vista High School would be instrumental in making him feel welcome and carrying out his plans for positive growth in the District.

Many students this year searched for a part time job. Places such as McDonald's, clothing stores, and grocery stores attracted many students. Many worked for the money, while others worked primarily to learn a skill. To accomodate both school and a job, many students enrolled in Work Experience. Each student that was in this program had a four or five period day. They were required to do several assignments each semester, and were critiqued on their performance by their boss.

ADS ADS ADS

Although producing a yearbook was both an educational and enjoyable experience, it also required a great deal of work. One of the most difficult tasks in creating the yearbook was securing advertisements. Advertising was a major source of fund raising which enabled the Annual Staff to meet the financial needs of yearbook production.

The Annual Staff of 1986 would like to thank all the businesses of Bonita, Chula Vista, and National City that supported the yearbook through advertisements.

The *Excalibur* '86 would especially like to thank the Bonita Business and Professional Association for their much needed support during the production of the yearbook.

A real and dear friend
Is a rare, precious blend
Of rapport, understanding, and trust;
Who knows of our tears
And our joy through the years,
With whom all the plans are discussed;

Their worth can't be told
In silver or gold,
For love can't be measured on charts;
Their most special place
Which time can't erase
In that one certain spot in our hearts.

SPECIAL SPACE

Nous et la Classe de Mille Neuf Quatre Vingt Six

After All These Years . . .

Kim, Kim, Jen, and Karen, it seems like forever. I can't believe that this is it! We've shared so many moments . . . good and bad, funny and sad. We have all created together the moments that I will treasure forever. So, they call these the best years of our lives. Thanks to you all. Friends don't come any better. God Bless You All . . . Always, Debbie

I realize that there are a million memories that I couldn't even begin to mention, but they will always live on in my heart. Although right now we are facing the separation that will eventually develop our adult lives, I will always remember what you all have meant to me. Most of the time, I think that I would never have made it without you. Keep shining in the light of each of your special gifts. I love you all and know that we will each succeed at our individual goals. My thoughts and blessings will go with you as we go our separate ways but I hope that our friendship does not end with graduation.

Here's to the people who have meant everything to me . . . "If you have built castles in the air, your work need not be lost; that is where they should be. Now, put the foundations under them." — Always, Kim F.

So many fond memories which have been shared: So many fond thoughts which will never be forgotten. I thank all of you so very much — Debbie, Jenny, Kim, and KR-Star!!

. . . Lunchtime gossip - PpLeez!! Grindle headaches: Gate 700; Get some sleep! Review today? BYE. Get into College Club; Johnny talks: Party fever; ASB "The B"; So many butterflies in here. But do you know?: movie watchers; Magnum posters; BOY GEORGE MANIA -You all deserve credit for putting up w/that!! Sister Ann; The DEW; I love fried fish; Murphy snow jobs: The First air band - You VIP; Baby, you got style!! Now, what did she say? Debate — hep megitoff debate! Journal Panic - even on the soccer field; Faulkner HATE club; MY reputation! Did I ask you?!! Who's taking notes today? photo copy sessions.

Still, (Furthermore + In Addition + Clearly then) the jist of it in a nutshell is — and please take note, cuz this is **very** Powwerful . . . I cherish the friendship and time we have spent together, and though the paths which lie ahead of each of us may lead in different directions, time and space cannot separate hearts which share and care as one. All my best wishes to each of you. Look out world cuz here we come!! — Karen

To Debbie, Karen, Kim and Kim:
A friend is
someone who is concerned
with everything you do

A friend is
someone to call upon
during good and bad times

A friend is
someone who understands
whatever you do

A friend is
someone who tells you
the truth about yourself

A friend is
someone who knows
what you are going through
at all times

A friend is
someone who does not
compete with you

A friend is
someone who is genuinely happy
for you when things go well

A friend is
someone who tries to
cheer you up when
things don't go well

A friend is
an extension of yourself
without which
you are not complete
(by Susan Polis Schutz)

Thank you for being my friends!
I couldn't have made it without you.
Love, Jennifer

To Debbie, Karen, Kim, and Jennifer:
Friendship is like the wind.
You can't see it or touch it,
but it's always there.
We've been through a lot and
I'll always remember the good
times we shared. — Kim R.

Carrie Atchley — I don't believe it, its finally here. These last two years have brought some very dear things into my life. First of all, Mel, thanks for being there for me when I just needed a shoulder or a listening ear. We had a lot of fun w/our ice cream & banana fights. Thanks for being a #1 friend. But most of all, the best thing to ever happen to me, is my darling sweetheart. Juan, you've brought the best into my life. We've had the best of times & and shared the best of memories. I know the future will be just as promising. Juan, I love you dearly, & there isn't anything that's going to change the way I feel. We're going places. TE QUIERO MUCHO. Sure,I'm going to miss everything-but I guess that;s what fond farewells are all about. Time can't erase the luv I'VE SHARE, FOR A PLACE IN MY HEART FOR EACH PERSON WHO TOUCHED MY LIFE. Beginnings are the sweetest and yet the most delicate times. It's time to begin reality. Life continues and we can only live and love as if everything wo do will eventually be known. Thanx to everyone who made life worth living. I can only wish the brighrest and best for all of you. What lies ahead is unknown,yet we learn and remember what speeds behing us. Always Baron.

The spirited Baron crowd cheers on the players.

The mighty Baron Football team begins their outstanding season.

Often players had to reach down into their souls for the desire to win, setting the pace of the team in full gear.

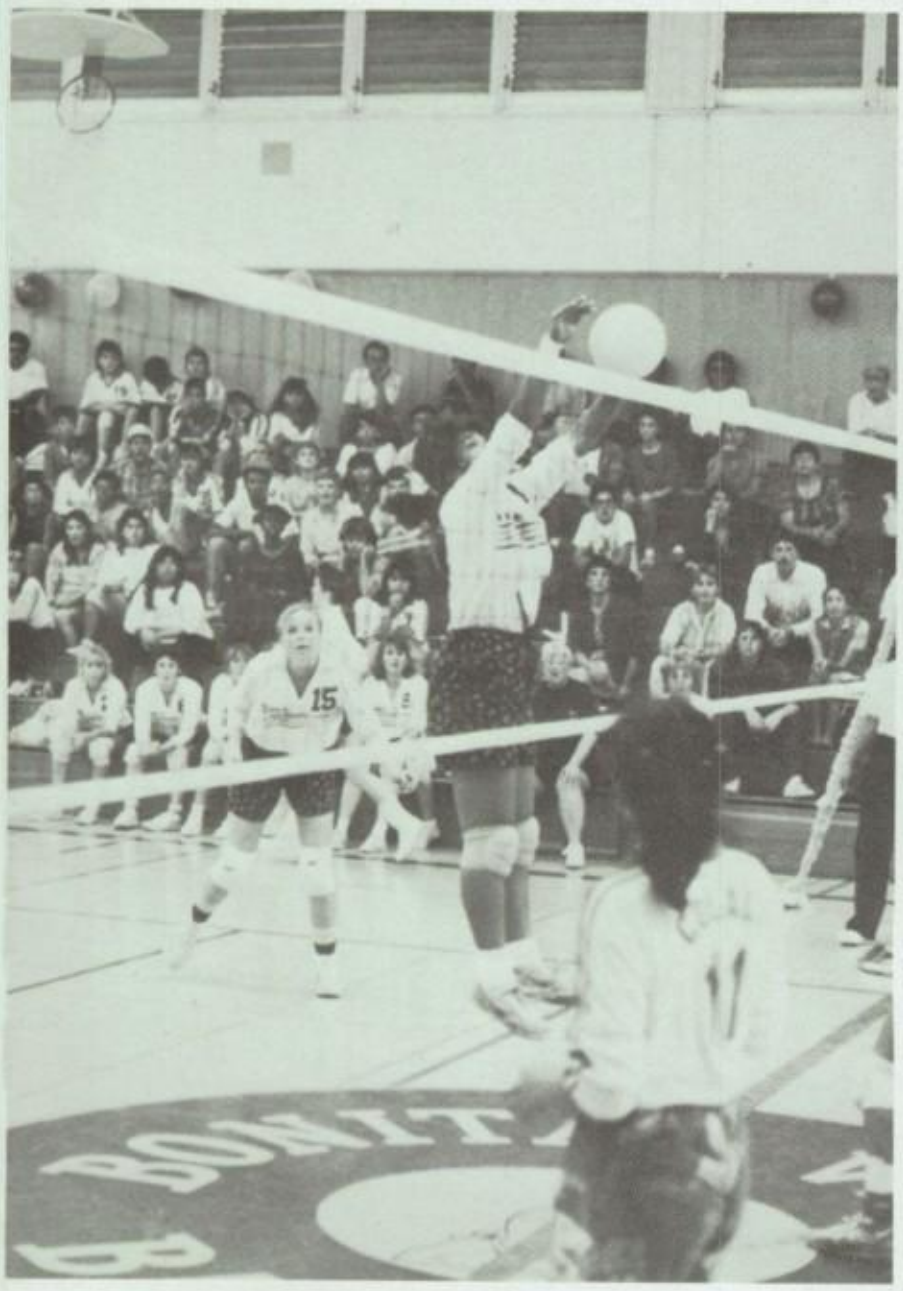
The year began with a burst of spirit and Baron pride that overwhelmed us all.

The first game, the tears of joy in the eyes of the victorious football team as they received a standing ovation from the roaring crowd. The enthusiastic support and Baron pride spread to the other sports and the entire county knew of the Barons.

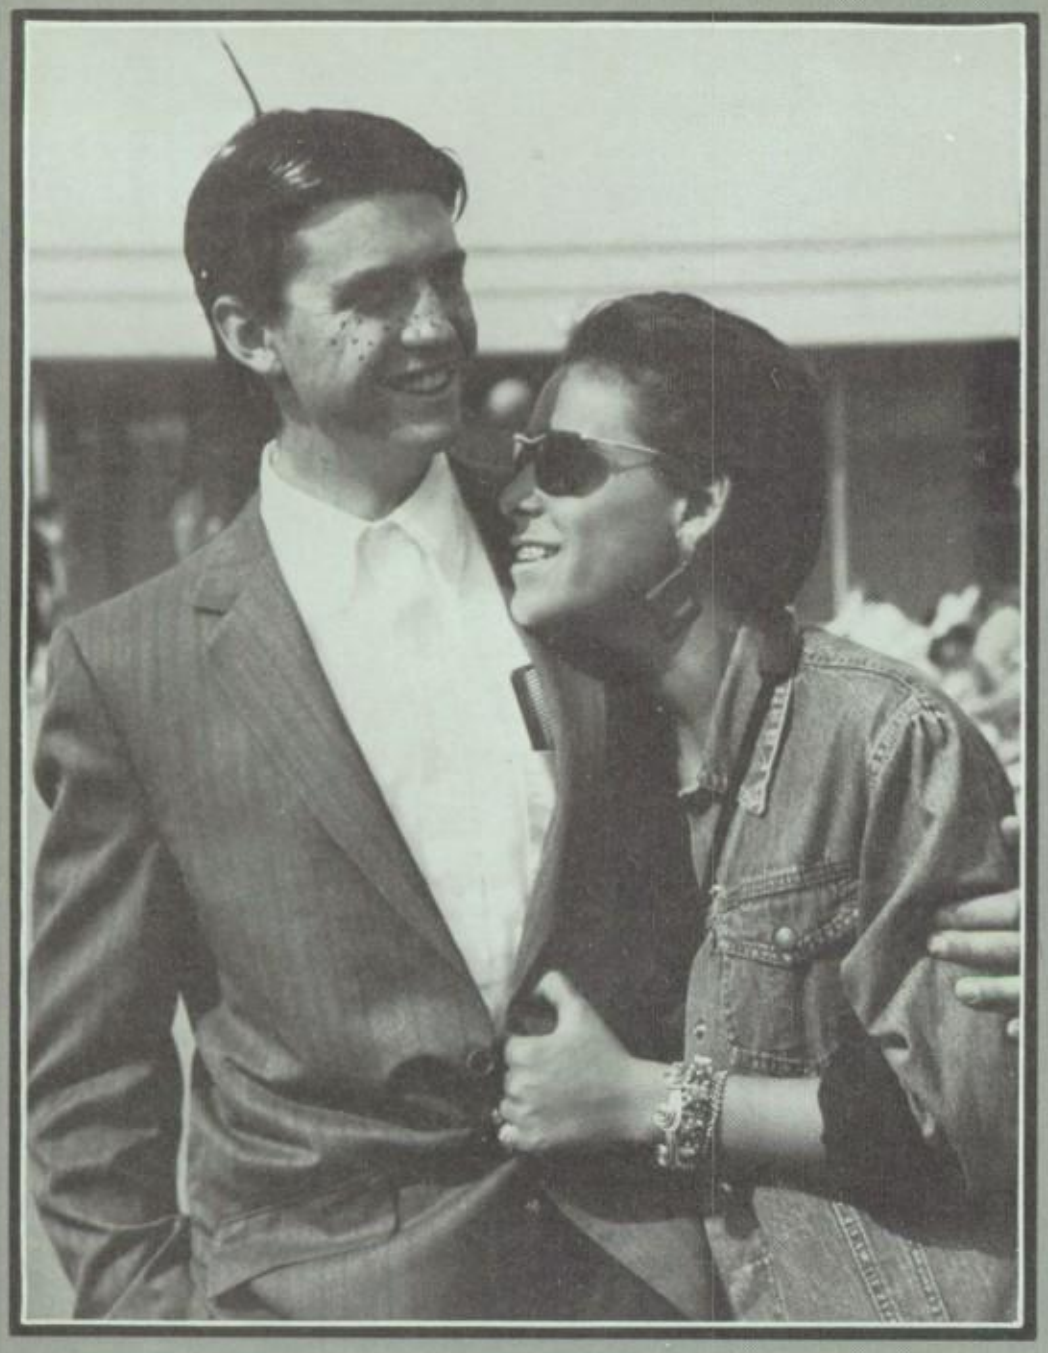


The Baron waterpolo team joined the spirit of pride and ended with an improved season.

Team members Dana Beardsley and Lori Sacay play defense on the volleyball court.

Burt Bulos and David Woodhouse make an impenetrable block in the Baron defense.

EPILOGUE



The school year of 1985-1986 was one which not only expressed the innovativeness of each individual, but also the uniqueness of the entire student body as a whole.

Looking back over the personal and public elements of the past year, one could see the reflections of tears, of laughter, of anger, and of excitement that formed the ever-lasting memories of Bonita Vista students. These were the memories that taught us lessons and helped us grow — the memories that shattered our illusions but created our dreams, our hopes, and our futures.

Kim McMurray and Alexandria Del Rio naturally smile for a quick picture.

Three Bonita Vista Students who will never forget high school spirit weeks.

Ken Hardgrove and Julia Teaff share a hug.

Kelly Scott, Alice Gray, and a friend take time off to smile for the camera.

Often, lunch time activities were spontaneous events which the students themselves initiated.

ichard Freeman and Kelion Kasler express their sual tentative behavior in class.

One year in our lifetime, yet it seems like a lifetime in one year. It is strange to think about the impact that we have had on each other. We learned from our friends about ourselves, we learned to be us, individual, creative, emotional, depressed, excited to be alive.

The anticipation of fulfilling the goals that we had set before ourselves sometimes became clouded with the pressure and the stress we felt when we tried to live up to our own expectations.

Our anxiety often led to the depression that we all felt when we didn't get what we wanted and events didn't work out as planned.

Karon Abe and Krysta Barker, two good friends stop and smile for a picture.

With bright smiles, Debbie Palenschat and Lori Courtney enjoy the time in class.

Walking hand in hand, Jaya Rubenstein and Albert Cohen enjoy one anothers' company.

Cliff Korzep laughingly responds to a remark that his friend made.

At lunch, Matt Pocklington and Jamie Cranfield recall the events of a not-so-good day.

Glad to be away from the classroom, David Sandweiss and David Baumgarten relax while they talk with their friends.

Friendship defies age
and ignores distance.
It weathers the hard times
and shares the good.
Together we have found this.
Our friendship has provided acceptance
and understanding in a world
that pushes people apart.
But I will always remain
with the memories
of the times we have shared
knowing how fortunate I am
to be able to call you my friend.
— Cindy Yrun

Dear Bonita Vista:

This year I have faced the greatest challenges of my life, the greatest being the production of the Excalibur 1986. I, my co-editor Loren, and the superb annual staff had to find a way of expressing the essence of Bonita students through words and pictures; the result . . . the creation of your yearbook, Innovative Expressions. It really is unimaginable how much work actually goes into producing 256 pages. For me, with no previous annual experience, it was blind leading the blind. Yet, what our staff lacked in experience was easily made up by hard work and intelligent minds. This is not to say it was ALL work and NO play, for there indeed was play! But the work was always done on time and there are many fun memories as well.

I consider myself lucky to have worked with such an excellent staff. Rich, Audrey, Jennifer, Jill (2 pepperoni, 1 veggi, 1 cheese), John, Madeleine, Polly, — you all did a super job as section editors, organized in your own ways! A great applause for all the photographers — Kimberly, Nancy, Robert, Mike, Carolyn, Colleen, Michelle, a difficult job extremely well done! A standing ovation for the underclass — Audrey, Mimi, Mike, Joanne, Colleen — your efficiency and energy prove that the Excalibur excellence will continue! A special thanks to Evelyn who diligently whited-out all our typos as copy editor, and a hug for all the "nothings" who were really something — Dana, Rob, Denis, Julie, Berna, Oscar, Christine — whose work was an integral part toward the very success of our yearbook.

There are so many to thank, you *all* did a tremendous job! But special thank you's go to Loren for all her technical correctness and extreme patience with me, and to Ms. Trunkfield whose skills and advice were of vital importance, for all her help despite the fact that my art suffered from yearbook. Also, thanks to Den and Daisy and Rick for the photography equipment.

The yearbook was an experience. There are many things I wish I could have added, but save those for Excalibur Staff '87. Captured upon these pages are the memories of the past as well as the hopes of the future, Excalibur Staff 1986 — A past success of future excellence.

We did it!

Debbie Fukushima

Unfortunately, I have no excuses. I knew what was involved in being a Co-Editor. It was hard work and good times with good people. My contemporary, Debbie Fukushima, did more than an outstanding job; she was the acme of editors. Three years of Annual Staff have been maturing; also, enjoyable. Each staff has a different memory, but all will be remembered fondly. Without this experience my years at Bonita would have been a little less fun and a lot less hairy.

This year's staff was excellent. Although we needed many late nights and pizza sessions, the final product is worth all the time and agony spent. Our photographers were overloaded at times but came through always. Without the Section Editors, meeting last-minute deadlines would have been impossible. Section Members helped greatly, as is evident throughout the book. I wish our future staffs more than luck; I wish them success.

Of course, my three years have left me with many people to thank. My gratitude goes to Mr. Bill and Miss Trunkfield for giving me the chance to prove myself. Two previous editors gave me invaluable advice and assistance, Joe (yes, I am jaded) and Marie (you know I can't say enough about all we went through). To Madeleine I can only say that without your typing and support I would have been a wreck. A special thanks to all my friends; listening to all the griping wasn't easy, I know. As for everything, I am grateful for all the understanding from everyone. **Loren Sweatt**

Laura,
Mr. McLaughlin was kindof a ----person! It was cool having another class with you! I hate writing in annuals 'cause I have nothing to say & I don't want to repeat what everyone says! Have a rad summer anyways & I'll see ya next year!

Grace

LAURA,

This year we became pretty good friends. Thanks for taking me all over SAN DIEGO. Cruise on over this summer, I'll show my new (used) Truck, that my parents are going to buy me. C-YA over summer,

Rob
Arold

Nearest Laura;

Hey girl you be having to take some type of medication, your always hyper. You are the only person in this school besides Lamont Lee who is always happy. But that's good though it shows you have a good life. Good to see someone is happy around here. Well have a good summer and much happiness to you and Keith and I expect a wedding invitation from you real soon okay? Love ya lots —

Friends,
Heather

Laura - Hey, howz it goin? It's been great having you BIOLOGY - you make the class a little bit better. your a neat person and promise to always keep your smiles. Good luck w/Keith. Have a great summer and stay out of trouble! Love,

Laura -
Well hey - I guess we made it through one more year huh? A lot happened. P.B. - yes lets go to the movies - to which god at the movies - no way - you broke on my god a black teeth - no way - you broke your neck coaster at 9:30 pm - how meant no more weiner woman oh! Laura "another phone call is all she's been saying" please introduce me to lets go jogging - yeah another softball game Mitch - okay? ha. Come on. Mud Bogs - lets call Kenny - RIGHT JERK - well I get what to wear underwear Pick up the phone no one must confess I let him ICU why me? Babysitter teacher - Kandy Bar - oh god those guys called its been REAL! Remember the Padres game - yuck! well you again - yuck! well gotta go! Luv ya tons Jessica (11

LAURA,
WHATS UP BUBS? THANKS FOR ALL THOSE RIDES HOME. DO YOU SMOKE IN YOUR FREGIN CAR YET. REMEMBER THE TIME WE DETCHED THE ASSEMBLY AND WENT TO KEITH'S AND HIS MOM YELLED AT US (BITCH) WELL IF ANYTHING EVER COMES UP LIKE VOLLEYBALL, CALL ME (422-2210) THANKS FOR MAKING MY LUNCH TIME FUN. DON'T BITE YOUR NAILS. I'M OUT OF HERE!

Laura,
Well, the year is finally over. I hope you passed. Laura- you know I can't picture you actually driving your car around in circles for a year! Gonna miss you! Good luck in the world and the rest of your life. Have a great summer & keep in touch!
Love,
Sandy

Laura-
